2. Prophecies #8: Reign of the 666 beast from late 2019 on 7 levels

As boldly claimed for years, the 42 months of the reign of the 666 beast will begin in 2019. Meanwhile, I am sure that the beginning on 12/20/2019 (somewhat later than assumed until 2017). In this article I want to explain some key reasons for the timing & explain the 7 levels of the coming reign of the 666 beast. In this context I recommend the song *antichrist* by *Les Brigandes*.

I thank you so much for your continued interest & bless you from the bottom of my heart!

Content free Amanita newsletter: The free Amanita newsletter is sent out every **2-6 months**, it complements the **Amanita premium subscription**, which is published 1-5 times per month (target: **30-50 premium updates per year**). The **free market commentary** is only considered to be a commentary on the financial markets. Financial forecasts in the narrow sense of the word are only offered in the **premium market letter**. Note that the Amanita system is optimized for **smart instruments** (futures, FOREX, crypto-currencies – perhaps also CFDs). The Amanita system is based on a high degree of **diversification in 5 markets** (currencies, agriculture, precious metals, energy & bonds – **all stock index signals** were discontinued in 2017) & only makes sense **as a whole**, because all positions are well-orchestrated & therefore isolated positions ***never*** makes sense. For these 2 reasons (professional instruments & diversification) a replication only works for larger portfolios with at least **EUR 300,000/ USD 350,000**, as well as for **institutions** (among the premium subscribers there are fund managers managing billions of euros or dollars). Because the Amanita premium market letter is very different from every other market service on the planet, you should be prepared for at least **3-6 months to get acquainted with the Amanita system**. That's why the shortest subscription period is 6 months & **trial subscriptions** are no longer offered. **Personal services** had to be discontinued in 2008 because waiting times rose to one year.

Free Market Comment: Bradley Siderograph 2019

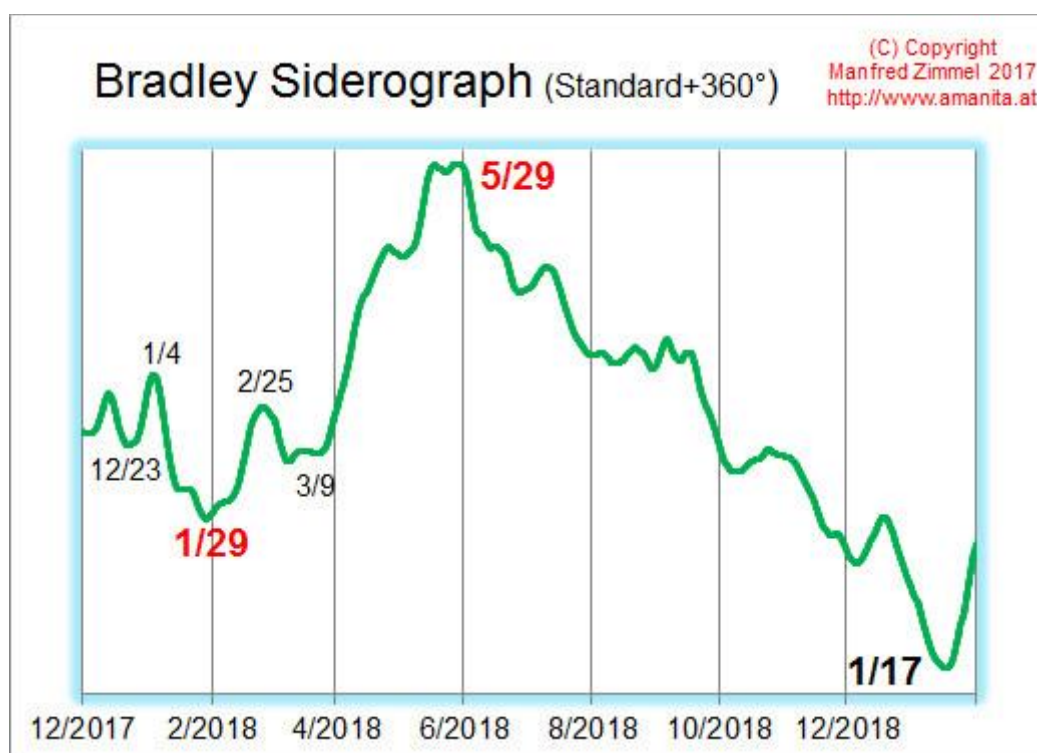

In this article I discuss the standard model for the Bradley siderograph for 2018 & 2019.

Review: Bradley Siderograph 2018

In 2018 we only had 2 major timelines (red) in the standard model:

1. 1/29/18: In late January 2018 global liquidity had a major high (end of Elliott wave 1 of the hyper-inflation after 2 years), with many bull market highs (or intermediate-term high) especially in equities, many commodities & currencies against USD.
2. 5/29/18: In late May/ early June almost all market regimes experienced intermediate-term turns.

In the other Bradley models (only in the premium area) mid-October 2018 also showed up, too, which was a major low of global liquidity: end of wave 2 of hyperinflation. Here we had bear market lows in the two biggest markets bonds & stocks (at least in China); as well as many bottoms in other markets, such as oil & others.

Outlook: Bradley Siderograph 2019

In the 2019 standard model mainly mid-January & mid-May show up as big turns (red in chart), as well as 4 normal (bold) & 2 weak reversals. In the premium area other models are included, too. Still, the Bradley is only one of 2 dozens of factors in the CSQN model which calculates turns, and not weighed high.

Prophecies #8: Reign of the 666 beast from late 2019 on 7 levels

As boldly claimed for years, the 42 months of the reign of the 666 beast will begin in 2019. Meanwhile, I am sure that the beginning is in on 12/20/2019 (somewhat later than assumed until 2017). In this article I want to explain some key reasons for the timing & explain the 7 levels of the coming reign of the 666 beast. In this context I recommend the song *antichrist* by *Les Brigandes* ([Link](#)).

12/20/2019: onset of the 42 months of the reign of the 666 antichrist

I have come to bring fire on the earth, and how I wish it were already kindled! But I have a baptism to undergo, and what constraint I am under until it is completed! Do you think I came to bring peace on earth? No, I tell you, but division. (Luke 12: 49-51)

In the early 2000s crowd madness was totally convinced of the timeline December 21-23, 2012. I warned years in advance that nothing of these crazy new age ideas would come true & on a 3D level the year 2012 would be just the opposite of what was assumed. Indeed, 2012 was the calmest year in comparison with the years before & after. Especially, the preceding year 2011 was nasty, with the highest number of wars (mostly in the Middle East) since WW2. This was not a surprise at all, because I had quoted the Amanita war model years in advance, which suggested 2011 would be a major martial peak. In 2014 the equity bull market ended after 5 years (inflation-adjusted) & economic upheaval began. In 2016 political upheaval began too, after the victory of the *Last Trump*. Admittedly, 2012 was one of the simplest & safest calls in my 18 years as a professional forecaster, because something must be wrong when the crowd is convinced by something.

However, by no means did this imply that in late December 2012 nothing special happened. In reality so much more happened than the crowd expected, albeit in a totally different, unexpected way. On 12/23/12 at 0:23 Boston time the Merlin lineage removed the core veil of mother earth, which guarantees incredible earth changes for the next millions (!) years, most of it in the 21st century though. The Merlin lineage was founded by *Mehindra* (3623-3552 B.C.), with the ultimate goal of the reign of Christ. At present the 13th & last Merlin is incarnated in a human body, that will complete the task begun 5600 years ago. Around 12/23/12 mother earth started the biggest purification in the billions of years of her existence. Over billions of years Gaia has been going deeper & deeper into densification (Yin), since 12/23/12 the trend is heading in the other direction towards freedom (Yang), in the coming billions of years.

One of the most substantial signs of the ongoing purification of mother earth is the number of earthquakes (mainly micro & small quakes) going through the roof in the 2-3 months (!) after 12/23/12 by whopping 450%: from a very normal 1526 in December 2012 to 6078 in February 2013 & even 8466 in March 2013 ([Link](#)). The increase is continuing to date, Gaia frees herself from the most dangerous virus - humans.

Lisa Renee ([Link](#)) shares very interesting stuff on the incredible scope of the earth changes not understood at all by 99.999% of humanity: the biology on this prison planet will change from carbon to silicon (greetings from Silicon Valley)... In the past billions of years life was primarily based on carbon = atomic number 6 = Venus 666. In contrast, silicon has an atomic number of 14 & thus represents divine perfection in the world of duality (7+7). 14 is one of the few Catalan numbers: 5, 14, 42, 132, 429, 1430, 4862... Now in the end times the Catalan numbers dominate, while the market sheeple still bet on the Fibonacci numbers.

Renee attributes these things to plasma changes in the earth core, aligning with the comet plasma discharge model of the US astrophysicist Prof. *James McCanney* jmccsci.com. For 15+ years he has stressed the importance of the electric universe & these electric effects will be *by far* (!) most important during the coming Nibiru return (mainly the discharge of the solar capacitor). Moreover, Nibiru will create a lot of hypersonic (mechanical waves with a frequency of gigahertz or terahertz) during his closest passage, when we are in the borderline area of the cometary tail. Hypersonic can't be transmitted through vacuum, but can in the plasma of comets. *Rainer Gebbensleben* hyperschall.at has explained the hypersonic created by iron-nickel-meteoroids, which will become very important in the 2020s to the 2040s ([Link](#)).

Almost all wannabe prophecy 'experts' have a world view stuck in the Stone Age, so they are totally fixated on a possible impact, which will be a comparably minor problem. *McCanney* already went to the Southern hemisphere in the early 2000s & I am sure has spotted Nibiru, but of course didn't give any information out. Otherwise he would have been killed like *Robert Harrington* (head of the US Naval Observatory), *Eugene Shoemaker* (leading US comet hunter, e.g. he discovered the comet *Shoemaker-Levy* which later collided with Jupiter) & *Chuck Schramek* (private comet hunter, boss of information architecture of *Johnson & Johnson*).

There is a lot aligning for the week December 20-28, 2019, with the best synopsis found in the book ([Link](#)) & blog ([Link](#)) of *David Montaigne* (although many of his conclusions are wrong). The Dresden Codex from the 13th century is the oldest of the three available, definitely authentic Mayan books. It shows a stellium (cluster of many planets) near the Galactic Center, a very rare constellation fulfilled around Christmas 2019. In late 2019 during the Capricorn stellium 10 of the 12 celestial bodies & axes (including Chiron, lunar nodes & Pluto - without Uranus & Neptune) within +/-35° of the Galactic Center at 27° Sagittarius. Statistically this is a once-in-a-century event, precisely 7 years after the major 12/23/12 earth shift. 7 is by far the most important number in the Holy Bible, especially the 7 Biblical years (plus the half cycle 3.5 years=42 months). One could

label this super stellium also a linear constellation: in the 2001 movie *Lara Croft: Tomb Raider* (with *Angelina Jolie*, CFR member) the 12/26/2019 solar eclipse was already announced as the key timeline of the illuminati.

Christmas 2019 is the first realistic (but still unlikely) opportunity for the 'big one' on the US West Coast: earthquake with a magnitude 9+ in KALifornia. Nevertheless, Christmas 2019 is just one of many milestones within the ongoing earth changes, which won't calm down before 2049, one jubilee (50 years) after the year 1999 explicitly mentioned by *Nostradamus*. Earth changes began as soon as 300-400 years ago (17th/ 18th century), when the number of volcano eruptions exploded by +300%. Still, earth changes will continue for another 800-1000 years on a pretty intense level, eventually millions of years.

A crash unfolds about 100 times faster than the preceding advance, which is the case here: the trend of past billions of years will be corrected in the coming dozens of millions of years. Since the 20th century we have been experiencing the biggest wave of extinction since the dinosaur extinction 60-65 million years ago, but even this long cycle of mass extinction is way too short-term to understand what is really going on. The prophecy sheeple make the terrible error of being focused on specific events, but don't grasp the incredible trend duration, where even the 3 dark days are not more than one piece of the jigsaw. We approach truly *singular* events in the history of mother Gaia, that are without a historical model in the billions of years of her existence. The angels told pastor *Sundar Selvaraj* that divine grace will be poured out to an extent that even *they* have never witnessed before – and they have existed for billions of years.

In addition, December 2019 is 42 months after the birth & crowning of the antichrist during the opening ceremony of the Swiss Gotthard tunnel on 6/1/16. Why the double 16? 16 is the atomic number of sulphur, which rules caves/ tunnels & hells, including the Gotthard tunnel for instance. What a 'coincidence' that sulphur will play a key role at the turn of 2019/20, because the sulphur limit is lowered from 3.5% to 0.5% for ships, which could multiply the oil price according to a well-known oil analyst ([Link](#)).

In 1825 *Adam Clarke* wrote (140+ years in advance) that in 1967 Jerusalem should be back in the hand of Zion, because of the Daniel prophecy: 2300 years after the Battle of Issus in the year 333 B.C. ([Link](#)). To be precise, because of a wrong calculation he wrote of 1966, he had included the non-existing year 0. Presumably these 2300 years are a quadruple code: in the wars of the Diadochi until 281 B.C. the empire of *Alexander the Great* was split into 4 parts: 2300 years later is 2019. Third, Emperor *Henry the Lucky* will show up in 2025, 2300 days (6.3 years) after the end of these 2300 years (and the two witnesses will end their service). The Emperor will take of the reinstallation of divine order on the planet. Fourth, 2300 is a higher vibration of the 23, the number of the illuminati.

On 3/24/15 a *Germanwings* airplane was hijacked with a school class of 16-year old German girls onboard. *Mary* was 16 year old when she conceived *Jesus Christ*: the adversary can't create something entirely new, she can only pervert the divine pattern. So these 16-year old girls originating from the coming alpha people are abused in order to procreate young devils. The abduction was conducted 61 (+/-1) weeks before 6/1/16 (61 is a numerological anagram of the 16), to have enough time for numerous impregnation attempts in the coming 20 weeks, to make sure that the hellions will be born *before* the Gotthard ritual on 6/1/16 (the babies were sacrificed). The date 3/24/15 precisely 9 months before Christmas 12/24/15 was chosen because of the regular 9 months pregnancy -> regular births around Christmas at the earliest.

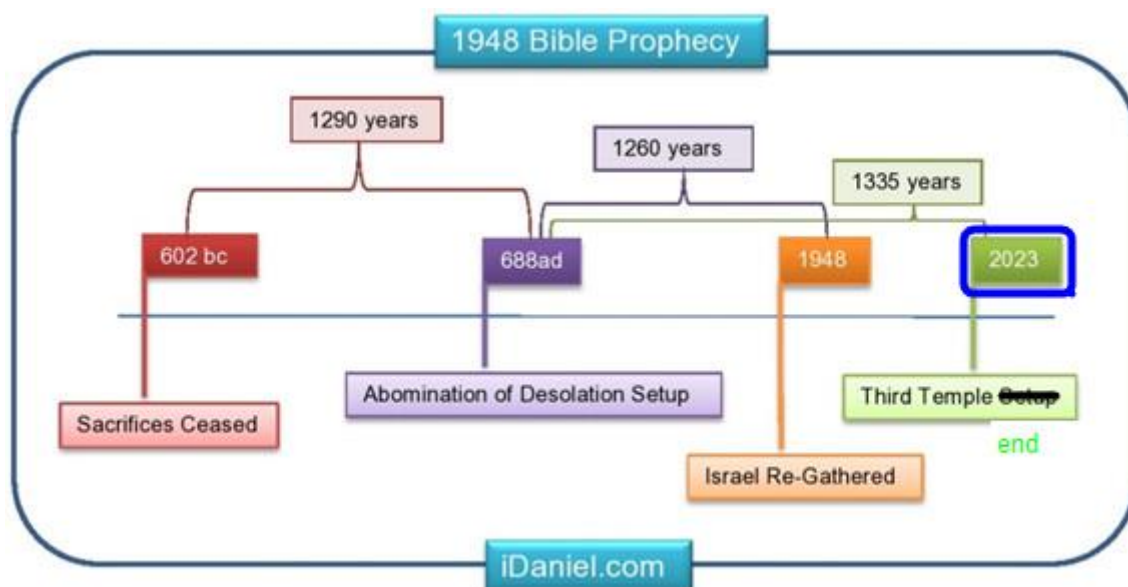

Moreover, Revelation 6:6 describes the third, black horseman of the apocalypse 2018/19, the number of chapter & verse is the 666 short code. Both *Nostradamus* & the Holy Bible use a number of different time codes. Example: pastor *Cioccolanti* has found out that the psalm numbers correlate with the year numbers since 1900, as the psalms are the 19th book ([Link](#)):

- Psalms 113-118 (2013-18) are very special: songs of praise of the Egypt Hallel, as in *Hallelujah*

([Link](#)). Among these 6 verses there is one who stands out like a sore thumb quantitatively: psalm 117 is the shortest & with two verses the shortest chapter of the Holy Bible. What a 'coincidence' that 2017 was the year of the *only* great celestial sign mentioned in the Holy Bible: 9/23/17 Virgo constellation. The Jewish year 5777 = 2016/17 was the first horseman of the Apocalypse & the beginning of the 7+7+7 years of tribulation (7 seals, 7 last Trumps, 7 vials of wrath). In numerology triple master numbers are called 'great numbers', so 666 is the great 6 & 777 is the great 7. In verse 10-74 Nostradamus mentioned the 'great 7th number not far from the great millennial age' when the cattle sacrifices (in the third Temple of Jerusalem) will begin & the buried will come out from their tombs (=soul review & terrible earthquakes). Moreover, this was a double code, because around the year 5777 the world population reached 7.77 billion. Nostradamus had Jewish roots & thus was very familiar with the Kabbalah & related stuff. In the 3 keys of Benoit d'Andrimont we also arrive at the year 2016: verse number 0/ -8/ -58 (resp. +42) means 16 for the verse 74, when you deduct 58.

- Then with psalm 119 = 2019 the rejoicing ends, so-to-speak. Psalm 119 is also extra-ordinary because it is the longest of the 150 psalms, as well as the by far longest chapter in the Holy Bible with 176 verses (only one with a triple number of verses). The number 176 likely is also a reference to the year 17(7)6: founding of the illuminati & their spin-out USA. So one could say the most content-rich psalm stands for a very eventful year 2019. Moreover, 119 is a numerological anagram of 911 = NWO = reign of the Queen of the hell realms = Age of Aquarius. Also, in 2019 we have the black horseman, aligning with the victory of the dark yin powers.
- In psalm 120=2020 (according to the key of pastor Cioccolanti) we find a war breakout mentioned in the 7th verse, involving Meshech & Kedar (=Turkey/ Arabia, Russia). So 2020 is the most likely year of the official outbreak of WW3 (similar to WW1 in 1914 & WW2 in 1939), with a low probability of a delay into 2021-23.
- The very last psalm is 150 = 2050: end of the dramatic earth changes during the transition from the Dark Age (ruled by the black goddess Kali) into the Golden Age (ruled by Jesus Christ). Nostradamus stated in verse 1-48 written in the mid-16th century that in 5 centuries (presumably by 2048, because of verse number 48) all his prophecies will have fulfilled - and not in the year 3797, as almost all Nostradamus wannabe 'experts' claim. 3797 is a code for the Großglockner Mountain with a height of 3797m. The Großglockner is the male protection mountain for the female Untersberg Mountain, which will be the equivalent of the Temple Mount in the coming 1,000 years. The Untersberg Mountain has a height of 1972m: in the year 1972 we experienced the biggest changes in the solar system in *millions* of years, where no human would have survived without the intervention of our friends from Sirius. In fact, the Sirian experiment was so much more successful than expected.

For these & other reasons I proceed on the assumption that around Christmas 2019 the 42 months (3.5 years) of the 666 beast until mid-2023 begins. In 2023 the dark Kali Yuga ends, as already predicted in the Holy Bible, especially through the number 1335 ([Link](#)).

3 beasts = Black Trinity

But those mine enemies, which would not that I should reign over them, bring hither, and slay them before me. (Luke 19: 27)

The word antichrist/ antechrist is mentioned 5 times in the Holy Bible (in the epistles of *John*) & has 3 meanings:

1. against Christ
2. instead of Christ
3. before Christ (ante): „Don't let anyone deceive you in any way, for that day will not come until the rebellion occurs and the man of lawlessness is revealed, the man doomed to destruction.“ (2 Thessalonians 3)

All 3 meanings are true: the antichrist comes before the return of Christ, works against Christ & wants to replace our boss. The number 3 (Jupiter) represents divinity, that's why we find the concept of trinity in all major religions. In Christianity this primarily means Father, Son & Holy Spirit: this concept calibrates at LoC=945, which is a lot less than *Jesus Christ* himself with LoC=1000 ([Link](#)). In Hinduism this is Trimurti with the 3 aspects (emanations) of the divine: Brahma (Saraswati), Vishnu (Lakshmi) & Shiva (Parvati). Financially this Hindu 3 stages model of creation is reflected by the observation that the first generation (Brahma) builds up a fortune, the second maintains it (Vishnu) & the third (Shiva) destroys it. Unfortunately, the occident nearly always makes the profound spiritual error of seeing the divine only in the creative=Brahma (=maximum Yang). However, both preservation=Vishnu & destruction=Shiva (=maximum Yin) are also part of the divine, as everything that has been created will eventually be destroyed.

In addition, Hinduism distinguishes so many 'smaller' aspects of the divine, with lower & lower LoCs: e.g. there are at least 33 Koti (expressions of the divine) & according to one popular interpretation even 330 million Koti. The consciousness calibrations of *Hawkins'* names dozens of the most important qualities of the divine, e.g. Christ calibrated at LoC=1000, the different forms of love only in the 500s, courage at 200 and so on. This scale is so important because for consciousness levels above 600=peace we don't have a proper terminology. The reason is this area can't be accessed by the average person & is not part of the regular human evolution that ends at LoC=599.

The same principles have to be applied by the dark side, too, as it can only mirror the light side. Thus we find the black trinity of the antichrist in the form of 3 animals/ beasts in the end times:

1. beast in the heaven (Revelation 12/ 1-3):

A great sign appeared in heaven: a woman clothed with the sun, with the moon under her feet and a crown of twelve stars on her head. She was pregnant and cried out in pain as she was about to give birth. Then another sign appeared in heaven: an enormous red dragon with 7 heads and 10 horns and 7 crowns on its heads.

The beast in the sky (red dragon) is the first beast, it appears sometime after the major celestial sign, the Virgo constellation 9/23/17. Again the beast in the heaven is a double code: first for Nibiru, that will most likely become visible with the naked eye in the early 2020s (although it will be first labelled as a normal comet). On the other hand, it is a symbol for the top hierarchy in the hell realms, which was kicked out of heaven. The CEO level has two aspects: Yang (Lucifer) & Yin (666/ Sadhana/ Queen of the world, Ahriman according to *Zarathustra/ Rudolf Steiner*). The male-Luciferic calibrates at LoC=175-199 on the scale of *David Hawkins*, the female-satanic at 1-74, a lot lower ([Link](#)). *Derek Prince* has stressed that evil must be treated as a being, not as something abstract ([Link](#)). *Hawkins* confirmed that our planet would be heaven without the antagonist & her rascals.

The fiery Yang side has been eroding for 12 years, because the 'true' *Lucifer* was saved in October 2006 by the *Merlin lineage* – which, however, didn't become obvious because a new being immediately took the vacant position (so-to-speak old company with a new CEO).

However, in these dark realms the Yin is getting stronger & stronger as everywhere else & that's why a woman (not a man) is mentioned in the context of the Virgo constellation 9/23/17. The dominance of *Sadhana/ Ahriman* produces a stronger & stronger cold materialism, compare the similar words materialism & maternalism=reign of the mother mater. *Sadhana/ Ahriman* (Yin) is also the driving force behind the grey ET invaders & at least since the 1990s she is incarnated in a human body, just like *Lucifer* (Yang) was incarnated in a human more than 5000 years ago (in the dragon country China). In other words: the incarnations of Yang & Yin of the dark side mark the beginning & end of the Dark Age (matter for the boss). The time ruler over the Dark Age is the goddess *Kali*.

2. revelation 13 beast of the sea (Revelation 13/ 1-2):

And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having 7 heads and 10 horns, and upon his horns 10 crowns, and upon his heads the name of blasphemy. And the beast which I saw was like unto a leopard, and his feet were as the feet of a bear, and his mouth as the mouth of a lion: and the dragon gave him his power, and his seat, and great authority. And I saw one of his heads as it were wounded to death; and his deadly wound was healed: and all the world wondered after the beast. And they worshipped the dragon which gave power unto the beast: and they worshipped the beast, saying, "Who is like unto the beast? Who is able to make war with him?" And there was given unto him a mouth speaking great things and blasphemies; and power was given unto him to continue 42 months. And he opened his mouth in blasphemy against God, to blaspheme his name, and his tabernacle, and them that dwell in heaven. And it was given unto him to make war with the saints, and to overcome them: and power was given him over all kindreds, and tongues, and nations.

So the beast of the sea is the physical reign that gets its occult, subtle power from the dragon (=she-devil). This beast appears to be deadly wounded, but can rise again from the dead. I am

sure this refers to the illuminati routed in Atlantis about 50,000 years ago as the Brotherhood of the Dragon (or snake). Note that the illuminati went through the worst crisis in their history in 2013-17:

* The 'deadly wound' was triggered in 2012/13 when the treaty of the 5 illuminati factions broke up. This was also the reason why Pope Benedict received death threats & had to resign on 2/28/13, the first Pope since the Middle Ages. Just before his resignation on 2/15/13 his last major official act was to appoint the Swiss banker Ernst von Freyberg (10/26/1958) as the president of the Vatican Bank, the most powerful bank of the world (manages the capital of the Rothschild's). The Vatican/ P2 lodge is one of the 5 illuminati factions.

* A half year later the war got hot, when on August 23rd (23=illuminati) the banker murder series began, with the first victim being the Swiss Pierre Wauthier (CFO of Zurich).

In 2014 there was major fight over the EU leadership, where the Zion candidate Lagarde got the short end of the stick against the Luxembourgian kissing drunkard backed by the Black Nobility.

However, Zion was successful in 2016 by bringing Trump into the White House, trumping the other 4 illuminati factions.

* In fall 2017 the Last Trump began with arrestments of leading illuminati members, including electronic foot cuffs, e.g. for Hitlary.

* The BREXIT 2016-19 is a battle between Black Nobility (controls the EU) & the Scottish Rite of Freemasonry (controls the City of London) & the White Dragons (control the dragon country China).

* ISIS as a creation of the axis of evil (USrael) declared the caliphate on 6/29/14 & 'accidentally' waged war for 42 months (as mentioned in Revelation 13:5), before on 12/9/17 (after 1260 days, +/-1) the Iraqi president declared ISIS to be destroyed: a 'seemingly' deadly wound. Presumably 1260 days later May 22/23 looks like a major timeline. Needless to say, it is not a coincidence that the antichrist was crowned on 6/1/16 during the Swiss Gotthard tunnel opening: 1260 (+/-2) after the major timeline Dec 21-23, 2012, when mother earth lost her core veil. 1260 days later is Nov 13-15, 2019.

* The trade war since 2018 is mainly an aggression of Zion against the Chinese dragons & British Freemasonry.

So we have seen dramatic fights between all 5 illuminati-factions. Nevertheless, the Holy Bible says that the Brotherhood of the Dragon (Snake) will pick up again & briefly reach their final goal world dominion NWO – in the 42 months 2020 through mid-2023.

3. earth beast (Revelation 13/ 11-15):

Then I saw a second beast, coming out of the earth. It had two horns like a lamb, but it spoke like a dragon. It exercised all the authority of the first beast on its behalf, and made the earth and its inhabitants worship the first beast, whose fatal wound had been healed. And it performed great signs, even causing fire to come down from heaven to the earth in full view of the people. Because of the signs it was given power to perform on behalf of the first beast, it deceived the inhabitants of the earth. It ordered them to set up an image in honor of the beast who was wounded by the sword and yet lived. The second beast was given power to give breath to the image of the first beast, so that the image could speak and cause all who refused to worship the image to be killed.

This beast #3 primarily means the scientific & technical means employed to achieve the NWO, e.g. screens of computers & phones with speakers ('speaking images'). Refusing the sign of the 666 beast (the technical stuff) means that you can't do much at all, if anything, and you can't have a normal profession, so you are more or less doomed.

The reason I write this article is that exegetes of the Holy Bible almost never understand the complexity & up-to-datedness of these texts. Commonly the Bible sheeple only get the most superficial 1-2 levels, if at all. However, even the 666 beast has to be interpreted on 7 levels, which is discussed in the rest of this article. The Roman-Catholic church has worked hard for 1700 years to hide the truth, as demonstrated by Bible translations: Hieronymus (347-420) was the author of the Vulgate, for a long time the official Catholic Bible translation. He made 3,500 arbitrary, unauthorized changes. In a painting he is portrayed with a beast in his room & a red women's hat (=whore of Babylon), which indicates the source of 'help' he got. Heuristic: the younger the translation or Christian teaching, the smaller the truth content. The false teaching of the so-called

'rapture' wasn't popular before the 19th century.

One should also include the biblical apocrypha, such as the gospels of *Thomas*, *Hebrews*, *Ebionites* & *Nazarene*. An unknown number of early Christian texts are hidden by the antichrist in the Vatican Secret Archives. E.g. a German professor discovered in these texts the similarities between the teachings of *Jesus* & *Buddha*, who was one of the trailblazers of *Jesus Christ*. One woman from the Amanita network forgot time when in the basement of the Vatican & was locked up overnight, where she witnessed the murder of a woman – the daily ritual in the Vatican?

(1)666 persons: Pope Francis, Maitreya, ???

For, behold, the darkness shall cover the earth, and gross darkness the people: but the Lord shall arise upon thee, and his glory shall be seen upon. (Isaiah 60-2)

The first of the 7 levels of the 666 beast is the personal. *Nostradamus* also adhered to the principle of trinity & labelled 3 persons as 'antichrist': *Napoleon*, *Hitler* & the coming/ current one that completes the trinity, each of the three discussed in 30-50 verses. However, with the 'third antichrist' *Nostradamus* obviously again means 2-3 persons with parallel lives during the end times. The first is the Pope, the other is the great Islamic leader 'frizzled & black beard' (verses 1-74, 2-79, 3-43). In the context of the 'beard' *Nostradamus* talks of brothers, which could mean either genetic or religious-political brothers (Shiites & Sunnites). *Mario Reading* dedicated his book *Nostradamus and the Third antichrist: Napoleon, Hitler and the One Still to Come* to this topic. Geographical localization:

- In verse 35 of the third 'century' the king of prophets mentioned the humble origin of the antichrist in the very depths of Western Europe. Verse number 35 most likely is a code for the 3.5 years of the reign of the antichrist from 2020 into mid-2023. The combination of 'century' 3 & verse 35 is a code for the 1335 years, which point to the year 2023: 1335 years after the abomination of desolation around 688 A.D. when the Dome of Rock was built on the Temple Mount. *Nostradamus* uses many different time codes (see also *Benoit d'Andrimont*), the most simple & frequent is verse number = year number (+/-1). *BerGOGLio* was born in the year 36, so the verse number 35 is a nice code.
- In his letter to *King Henry*, *Nostradamus* mentioned the roots of the third antichrist in Northern Italy, as well as the town of *Plancus* (Rome?). Often the King of Prophets uses fuzzy logic, e.g. he mentions a small town near a megapolis, when in reality he is referring to the whole metropolitan area. The *Jesuit* was born in Argentina, his lower middle-class parents had emigrated from a small town near Turin in Northern Italy, and so all 3 *Nostradamus* statements

regarding the antichrist are fulfilled.

In early 2017 I began to discuss the crucial role of Turin in the end times (in the premium area). Turin is the intersection of the triangles of white & black magic, the other cities of white magic are Prague (Golden town) & Lyon, France (like lion -> sign Leo -> gold). This is precisely what happened: in June 2018 the Bilderberg conference was in Turin, for the first time ever. Moreover, this was the first time that a Roman-Catholic bishop took part: Michael Curry. Why this bishop & not any other?

1. Archangel *Michael* kicked *Lucifer* out of heaven, by inviting a '*Michael*' to the Bilderberg conference the dark side has reached a victory on the name level.
2. His last name *Curry* is a link to the *Curia*, the governing body of the Vatican.
3. *Michael Curry* was born on 3/13 (in 1953), the very day *Gog* took over the Vatican. In late 2019 he is 66.6 years old, precisely when *Jorge B.* has occupied the Holy Seat for 6.66 years...

Bottom line: *Curry* is a code for the beginning of the 42 months of the reign of the 666 beast in late 2019. Because of the intersection of the white Yang & black Yin triangle Turin is the symbol for Armageddon = war of the powers of light & darkness. That's also why somewhere near *Turin* the ISIS troops will be stopped.

Black Pope *Francis* has his roots near Turin & his name *Francis* is connected with one of the 3 cities in the triangle of black magic: San Francisco. The new mayor of *San Francisco* has the first name *London*, referring to the 3rd city in the trine of black magic. Her full name is London Breed. *BerGOGLio* is a code for Gog/ Magog & thus *Google* (*Gog-El*): the *Google* headquarters is in *Mountain View*, between *San Francisco* in the North & *San Jose* in the South. What a 'coincidence' that this is a code for the names of both current Popes: *Jose* (Spanish) = *Giuseppe* (Italian) = *Joseph* (English/ German). The role of San Francisco in the plans of the Queen of evil can be easily recognized: flower power & the '68 revolution arising there. *KALifornia* is the oven (*form* = oven in Catalan) of *Kali*, so you are burnt there by the black goddess. To extinguish this hell fire, *KALifornia* has to go into the sea, according to the 1937 vision of *Joe Brandt* 1937 & others ([Link](#)). The biggest wish of Cali is of course a Caliphate. By the way, *Benedict's* predecessor *John Paul II* is currently in the hell realms, according to the amazing vision of the young *Angelica Zambrano* ([Link](#)).

Hell was mentioned 54 times in the King James Bible first published in 1611 ([Link](#)), however as if by magic it is mentioned zero times in the newest English Bible fabrication ([Link](#)). A genuine positive thinker would have never made that: too much focus on the unwanted & negative. Without doubt, our savior was not a positive thinker but the very opposite: positive thinking is a maneuver of the enemy. I had my first brief look into the hell realms in the 1990s & I wish everybody would have the same experience, as nothing will speed up the soul cleansing more than that. This will be the subject of the next free newsletter...

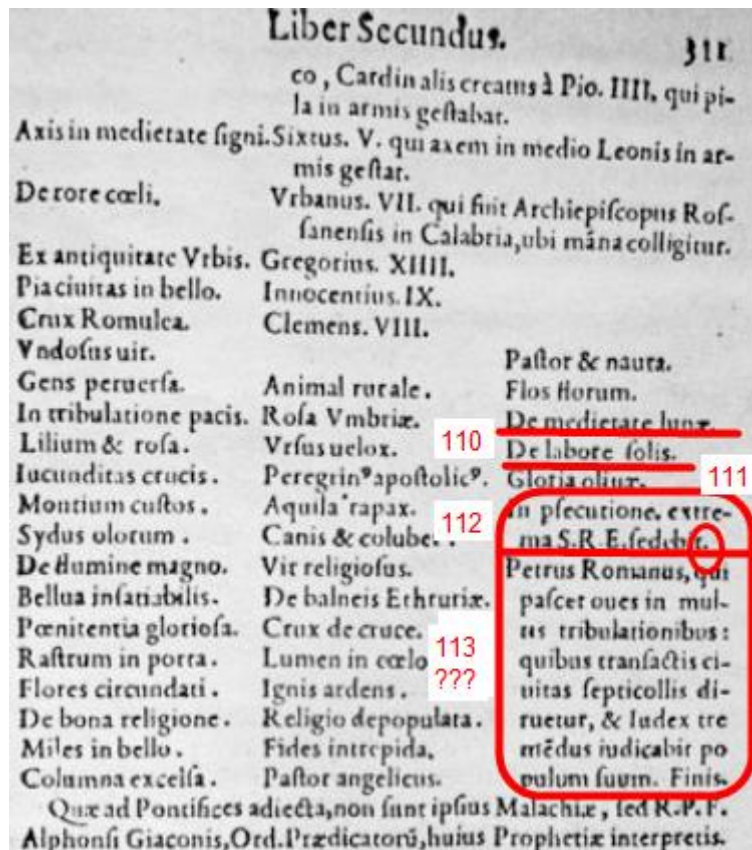

Revelation 13-18: "*Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is 666.*" What a 'coincidence' that *BERGOGLIO* has a sum of 666 according to the ASCII code, as required by the Holy Bible ([Link](#)). The Indian pastor *Sundar Selvaraj* has stressed that *BerGOGLio* is the antichrist, because one major Biblical prophecy was fulfilled on June 8, 2014 ([Link](#)). On the same day asteroid 2014 HQ124 passed by earth, which was strangely called the beast by NASA (although this name was later withdrawn)... In late 2019 *Jorge B.* has trumped the Holy Seat for 6.66 years, a perfect match for the beginning of the 42 months of the 666 beast...

The *Google* Pope does what many expected: he wants to establish a one-world religion ([Link](#)). The Pope is the successor of Peter & thus the official representative of Christ on earth. That's why nobody on earth can be as anti-Christian as the Pope himself. In 2014 a speaker of *Francis* stated that unfortunately the second coming of *Jesus Christ* would not happen ([Link](#)). Because when making this promise *Jesus Christ* was allegedly drunk, and when you are drunk you easily make

promises you can't keep. So the Pope slowly fulfills the prophecy from Revelation 13: "And there was given unto him a mouth speaking great things and blasphemies; and power was given unto him to continue 42 months."

The past 2000 years have delivered myriads of hints that point to our age & this very person, again we have to observe the trinity principle. In his book *Prophezeiungen über das Ende der Welt* (2009) on page 87 Fabio Ribeiro de Araujo quotes a Capuchin monk who many centuries ago predicted 3 simultaneous end times Popes (during the devastation of Italy): a German, an Italian & a Greek. At present we indeed have a white regular Pope *Ratzi* (German), an Italian black Anti-Pope – so #3 from Greece is still missing. In verse 1-87 Nostradamus mentions a long war between the 2 Popes (2 ‚rocks‘), according to the code of *Benoit d'Andrimont* possibly until 2029.

This Pope triplicity also explains why the list of Popes mentioned by the 400+-year old Malachias prophecies is formulated in a way that is not entirely clear whether or not *BerGOGlio* will be the last Pope. As so often, ambiguities in prophecies are an intended code. The number of Popes is either 266 (#112 in the Malachias list) or 267 (#113 in the Malachias list), depending on the interpretation of whether the 2 final sentences mean one or two Popes. At any rate, #111 was Ratzi, who was predicted in 2005 in the premium area as the next Pope immediately after the death of *John Paul II* – although his chances were estimated to be almost non-existent among the dozens of candidates. The olives hint for Pope #265 (#111 @ *Malachias*) only made sense for *Ratzi*, because of the events of 2009 in Israhell ([Link](#)). Later the olive hint was confirmed by his name selection *Benedict*, since the Olivetans are a branch of the Benedictine monks. So calling the next Pope in early 2005 was the first Amanita prediction *exclusively* based on prophecies.

Rill's military letters obviously refer to the *Malachias* list, because he mentions that seat 12 (=Pope *Francis*) is full of terror & murders. There is a reason why the EU emergency number is 112, just as it is not a coincidence that the US emergency number is 911. The EU is a continuation of the Holy Roman Empire. Also, there are about 112 generations between 2 Nibiru returns according to the Kolbrin Bible (32-33 years per male generation). The 112 is also a code for Islam: the Koran has 112+2 surahs, the last two to seek refuge were added later.

The Mexican theologian *José Alberto Villasiana Monjia* lists 7 good reasons why the resignation of Pope *Benedict* was invalid, so *Ratzi* is still the righteous Pope. Since 2013 we have a black Anti-Pope, for the first time since the Middle Ages. *Ratzi* is 91 & *Gog* 82: these high ages tell us that the 3rd Pope has to show up pretty fast. *Benedict* was born on 4/16/1927 (close to the birth date of *Hitler*: dictator degree 29° Aries), in Altötting, Germany: only 60-70 km north of the Untersberg Mountain, similar to *Braunau*, Austria (birth town of *Hitler*). This geographical proximity is of course not a coincidence, because the Untersberg Mountain will be the next Temple Mount. Other hints:

1. *Don Bosco*'s timing statement '2 full moons in a blossoming month' (March-June) points to 2026 & 2037, likely a double code: beginning of the pacification in 2026, when the later great monarch *Henry the Lucky* starts his campaign to get Europe back from the cultural enrichers. However, true world peace won't be possible before 2037.
2. Two centuries ago *Anna Katharina Emmerich* predicted two Popes for the end times. She even saw the name of Pope *Francis* in her 10/4/1820 vision.
3. The prophecy of La Salette stated in 1846 that Rome (= Vatican) would become the seat of the antichrist.
4. Saint Cosmas of Aetolia (1714-1779) of Mount Athos also blamed the Pope for the big war (Link). *Cosmas* named some signs when this will happen, the most interesting is his statement #84, when the devil will walk around with pumpkins: the black magical Halloween madness from the US didn't get popular in Europe before the 3rd millennium.
5. Even the Fatima prophecy suggests that *Francis* is *not* the righteous Pope, if you read between the lines: the Fatima children were not sure whether or not they indeed saw the Pope, they just 'felt' it was the Pope. Amazingly, on 5/13/17 *BerGOGlio* said that *he* is the white dressed bishop/ Pope from the prophecy of Fatima, who flees & will be killed (Link).
6. This scene could (also?) refer to Pope *Benedict*, because in 1914 (33x3 years before the putsch of the Google Pope) Pope Pius X had a vision that one of his successors with *his* name will flee over corpses of priests. He will briefly hide in an abditory, but he will be traced & murdered. The civil first name of Pius X was Giuseppe, which is the Italian version of Joseph (*Ratzinger*).

Bottom line: *Francis* definitely is #1 of the black trinity. According to *Helmut Lungenschmid* (page 374/ 375 in his second book), antichrist #2 is Maitreya, worshipped by new agers. *Lungenschmid* already saw him in 1973 during his death experience: a man with dark skin, black medium-length hair & a piercing look, dressed in white. According to *Benjamin Crème*, Maitreya has lived in the Indian-Pakistan community in London since 7/19/77 (with the 777). *Crème* was born on December 12, 1922 (with the maximum yin number 222) & he died in fall 2016, precisely at the beginning of the Jewish year 777 (abbreviation of 5777), at the beginning of the 7+7+7=21 apocalyptic years. *Mario Reading* published his book on Nostradamus & the antichrist in early 2011, and 'accidentally' the 'world teacher Maitreya' first appeared on TV in early 2011 (anonymously)...

The #3 of the black trinity of the 666 beast is the Islamic leader frizzled & black beard', mentioned by *Nostradamus*. Many verses in the Holy Bible describe modern war machines such as tanks, which will eventually kill 1/3 of humanity, i.e. 2-3 billion (Link). In relative terms this is 11 times more than WW2 with casualties of 'only' 3% of the world population, however, in absolute terms

WW3 will have a 20-40fold death toll. Wars, earth changes, epidemics & infertility should reduce the world population by more than 95% to 300-400 million by 2067 (end of 100-year transition period from Dark Age to Golden Age since 1967). Revelation 9/ 16-19:

The number of the mounted troops was 200 million. I heard their number [number of supporters of the Jihad]. The horses and riders I saw in my vision looked like this: Their breastplates were fiery red, dark blue, and yellow as sulfur. The heads of the horses resembled the heads of lions, and out of their mouths came fire, smoke and sulfur. A third of mankind was killed by the three plagues of fire, smoke and sulfur that came out of their mouths [muzzle flash]. The power of the horses was in their mouths and in their tails; for their tails were like snakes, having heads with which they inflict injury.

On 8/1/1972 during a meeting of the Council of 13, the (previous) top illuminati & satanist *John Todd* read a letter sent from London ([Link](#)), handwritten by *Philipp Rothschild*, where on 30 pages he described the plan to reach the satanic NWO (=age of Aquarius). I want to stress that the 'age of Aquarius' desired by new agers is identical with the reign of the she-devil. On 12/20/2019 *Venus* (the morning star was called *Lucifer* in the Roman Empire) enters into Aquarius, and from this day on many planets (also the slow ones Saturn, Jupiter & Pluto) enter the chaos sign Aquarius, the astrological NWO signature (*ordo ab chaos*). This is one important reason why in late December 2019 the 42 months of the reign of *Lucifer* will begin. The illuminati call the antichrist Adam & *Philipp Rothschild* confirmed in 1972 that they have found *Adam*, i.e. he must be born by 1972 at the latest. However, it is not entirely clear whether their 1972 *Adam* refers to one of the antichrists discussed above, if today's *Adam* is still the same or if at this time they meant *Jimmy Carter*. Some see the leaders of USrael as the preparers: the walrus & the boss of Khazarian mafia as his rider, who already knew in 1995 (6 years in advance) that the World Trade Center would be destroyed by 'Islamists' ([Link](#)).

So this is the black trinity, which is the Yin aspect of the white trinity of 3 divine persons in the end times. The first two are the 2 witnesses, one of them is directly mentioned as the reincarnation of *Elijah* (*Malachi 4:5*):

See, I will send you the prophet Elijah, before the great and terrible day of the Lord comes.

Even in today's (arbitrarily shortened, mistranslated, misunderstood, distorted & counterfeited) Holy Bible there are numerous hints confirming reincarnation. Unfortunately, the Bible fools are really braindead in some areas: on the one hand officially reincarnation is categorically contested – on the other hand there is an open discussion regarding the reincarnation of the two witnesses... Both witnesses will be visible during the mid-2020s. There are at least 3 opinions regarding the

identity of the second witness:

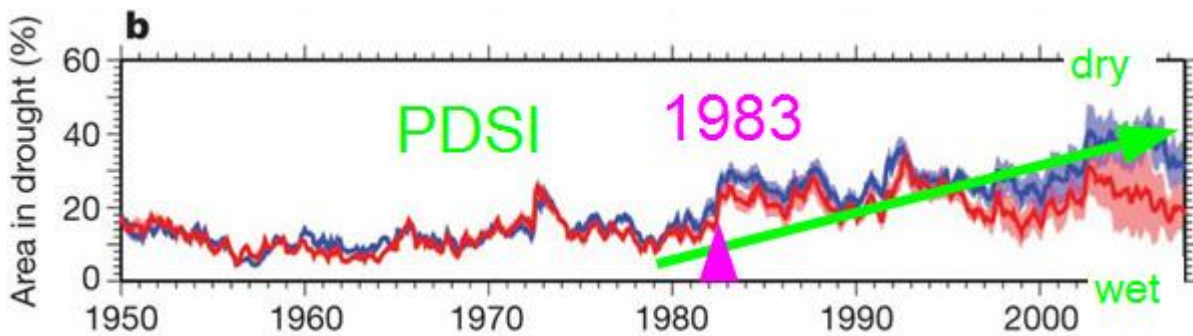

1. Enoch: This is my first choice, according to *Geoffrey Samuel Dhinakaran* (7/1/1935-2008) the first witness was conceived/ born around 1962, so he would be in his mid- to late 50s ([Link](#)).
2. Moses: according to pastor *Selvaraj* ([Link](#)) & others ([Link](#))
3. Apostle John (author of Revelation): according to pastor *Cioccolanti* ([Link](#))

The 2 witnesses are connected with the 3rd Temple in Jerusalem, officially announced by the Temple Institute in summer 2015. In the course of his field research *Prof. Dr. Walter Veith* found that Zion has already hollowed out the Temple Mount, which is why the trees die off ([Link](#)). The crash of the Temple Mount can happen at any time from 12/1/18 (date from German researcher *Dr. Werner Papke*). Revelation 11/ 1-14 begins with a description of how the 3rd Temple is built (the construction plans were completed in 2015 at the latest).

I was given a reed like a measuring rod and was told, "Go and measure the temple of God and the altar, with its worshipers. But exclude the outer court; do not measure it, because it has been given to the Gentiles. They will trample on the holy city for 42 months. And I will appoint my two witnesses, and they will prophesy for 1,260 days, clothed in sackcloth." They are "the two olive trees" and the two lampstands, and "they stand before the Lord of the earth. If anyone tries to harm them, fire comes from their mouths and devours their enemies. This is how anyone who wants to harm them must die. They have power to shut up the heavens so that it will not rain during the time they are prophesying; and they have power to turn the waters into blood and to strike the earth with every kind of plague as often as they want. Now when they have finished their testimony, the beast that comes up from the Abyss will attack them, and overpower and kill them. Their bodies will lie in the public square of the great city—which is figuratively called Sodom and Egypt—where also their Lord was crucified. For three and a half days some from every people, tribe, language and nation will gaze on their bodies and refuse them burial. The inhabitants of the earth will gloat over them and will celebrate by sending each other gifts, because these two prophets had tormented those who live on the earth. But after the three and a half days the breath of life from God entered them, and they stood on their feet, and terror struck those who saw them. Then they heard a loud voice from heaven saying to them, "Come up here." And they went up to heaven in a cloud, while their enemies looked on. At that very hour there was a severe earthquake and a tenth of the city collapsed. 7,000 people were killed in the earthquake, and the survivors were terrified and gave glory to the God of heaven. The second woe has passed; the third woe is coming soon.

'Sackcloth' sounds a little bit like Stone Age women's libbers with their ugly sack dressing, but obviously these verses mean 'real' men & not false ones (lesbians). Both end times witnesses will prophesize for 3.5 years, during this time it won't rain (in Israhell?). After these 3.5 years both witnesses are killed, their corpses left on the street for 3.5 days & are observed by people all over the globe - then earthquakes begin & so on. In the end times there are many fractals of 3.5 (half of 7): 3.5 days dark & global inspection of the corpses. The Holy Bible describes the celebration upon the death of these two, which is quite common in the Middle East after the death of Christians.

For millennia, galoots have mocked the Biblical statement that the corpses lay in the Middle East yet the rest of the world is able to see this. Needless to say, this type of live observation around the globe wasn't possible before the 20th century through TV, and in the 21st century also through the internet. The ritual of the two witnesses before the Sanhedrin (highest Jewish council) was already performed on 3/10/16 ([Link](#)). This ritual was the first since the exodus from Egypt around 1606 B.C., during the last Nibiru passage ([Link](#)).

Meanwhile, the major drought predicted for the active time of the two witnesses manifests faster & faster: since 1983 the planet has become drier & drier, according to the PDSI (Palmer Drought Severity Index [Link](#)). In the summer of 2018 hunger stones from the 15th through 19th century became visible in European rivers, due to the extremely lower water levels. This tells you how serious the situation has already become in terms of the historical standards. *Nostradamus*, the King of prophets, mentioned a cycle of first 40 dry years & then 40 years floods. In terms of the PDSI the global drought began around 1983, so in the mid-2020s the global drought should give way to a new deluge into the mid-2060s, 3 main reasons:

1. In the 2020s through 2040s maritime monster volcano eruptions will heat up the oceans, so evaporation will speed up a lot, hence the amount of rain will become extreme.
2. In the 2030s the Nibiru comet tail carries a lot of gases into our atmosphere, which primarily comes in as monster hail, not as rain.
3. In the 2030s through 2060s after the pole shift there will be a lot more water & thus evaporation & rain in the eco system than today, for 3 reasons:
 - (a) soil liquefaction because of the terrible earthquakes
 - (b) huge tsunamis flooding of half continents, which creates new huge lakes & inland seas
 - (c) melting of ice of the poles & glaciers, which raises the sea level by 50-70m at least for decades, so the sea surface is expanded a lot

The third person of the divine trinity of the end times is Emperor Henry the Lucky, who will have a council of 12 persons of older advisors (like the 12 apostles). Note that the foundational trinity nucleus of the later 12 has already been established, one of the three being a 'true' virgin activated by the Virgo constellation 9/23/17. The world ruler of the end times has been predicted for 2500+ years, even in remote areas such as Indonesia he was predicted to arise from the other side of the planet, as *David Montaigne* found out during his painstaking research. In the 2500+ year old Nineveh cuneiform tablets II 6-24 you find the prophecy that Iran (Eram) will be destroyed, so the loser of Armageddon has been crystal-clear for more than 2500 years... The over 25,000 clay tablets of the library of *Assurbanipal* (669-625 B.C.) in Nineveh are the biggest known very old literary collection. It has been known for more than 1500 years that the emperor will wage war until the age of 40 (until the mid- to late 2040s), at present he is supposed to be 12 years old. *David Pareus* (1548-1622) described him as follows: aquiline nose, high forehead, large dark eyes & brunette, wavy hair.

Regarding the 21st century another person can be identified easily, based on *Nostradamus*. Putin was mentioned by *Nostradamus* in the context of the 8/11/99 solar eclipse, because the Putinator was elected on August 9th, 99 with the Terminator code (9=Mars, 6=Venus). In the past 20 years no other politician has coined the planet as much as Putin. In *Nostradamus* verse 10-72 he was described as roy d'effrayeur: a brilliant triple code, which means either king of/ over terror or a rich, generous, good leader ([Link](#)). This is a perfect description of the ambivalent perception of Putinators around the globe, the Western lying press mainly portrays him as the king of terror. You can be sure he quite rich, some even consider him super-rich.

(2) 666 geographical: 10 illuminati empires - Russia, China, Iran, Turkey - EU, Switzerland, Berlin, London – Brainwashing, San Francisco

The 666 beast stands for the New World Order (NWO) of the illuminati, which has a couple of centers. Both beasts (1. heaven 2. sea) have 7 heads & 10 horns:

- The 7 heads stand for the 7 empires that have tried to achieve world rulership, as NWO predecessors: 1. Egypt 2. Assyria 3. Babylon 4. Medo-Persia 5. Greeks 6. Roman 7. EU = Roman Empire reloaded. That's why the EU was founded in Rome on 3/25/1957 & the EU flag consists of 12 Golden stars on a blue background, which reflects the Biblical description of the Virgo constellation 9/23/17. The Treaties of Rome were signed on 3/25/1957: in the Sadhana's calendar the Feast of the Beast is celebrated from the evening of March 24 until the evening of March 25, as revealed for instance by *Fritz Springmeier* ([Link](#)). The sum of the date 3+25=28: 28 is the number of the beast according to *Aleister Crowley*. During this Feast of the Beast 16-year old girls are impregnated (*Mary* was 16 years old when she conceived *Jesus*), so that the young devils are born around Christmas. This is the very reason why on 3/24/15 a Germanwings machine with a school class of 16-year old German girls onboard was kidnapped! So the EU as the 7th head has a special role in the order of the 666 beast. By the way, the split into the Western & Eastern Roman Empire happened precisely in the year 420: a higher vibration of the 42.
- The 10 horns are first & foremost the 10 planned NWO world regions, as first announced in 1974 by the *Club of Rome*, then in 2009 also through the NWO silver coin. It goes without saying that the numbering reflects the importance: 1=Israel, 2=Europe, 3=North America, 4=Asia. The reign of these 10 empires will last for 30 years, according to the Biblical formulas: 1 day=1 year, 1 hour=30 years ([Link](#)). However, it is somewhat questionable *when* these 30 years began. Presumably it means 2009-39, because on 11/21/09 the president of the European Council, *Herman 'Baphomet' Van Rompuy*, declared 2009 as the first NWO year ([Link](#)). A similar timing is suggested by *Nostradamus* in verse 8-77, when he said the war of the antichrist would last 27 years. The start point is likely 2019/20, as suggested by the key of *d'Andrimont*: verse number 77-58=19. So the end can be expected for 2046/47: the late 2040s are the end of the collective dying waves.

The Gog mentioned in the Holy Bible is a triple code ([Link](#)) for: Russia (Magog), GOOGLE (by Russian programmers) & *BerGOGLio*. For more than 1500 years the Holy Bible predicted a military anti-Israeli alliance of Gog from the country Magog, consisting of Russia, China, Turkey & Iran: what a coincidence that for the very first time in history this strange alliance formed in the 21st century, especially in the form of the Shanghai Cooperation Organization (SCO), which covers 40% of world population & is the world's largest regional organization:

- Magog/ Rosh: Central Asia, i.e. Rosh/ Russia, China, Turkey & Khazaria. In the some 1000

year old *Cotton* world map the realm of *Gog & Magog* is near the Arctic Sea, i.e. close to Russia. However, the Chinese wall was also called *Al Magog-Wall* ([Link](#)), so Magog also means China. On the 1326 world map of *Pietro Vesconte* & later maps *Gog & Magog* are again located in Russia & China. Moreover (not written in the Holy Bible), these two countries will invade North America (USA & Canada), possibly in the late 2020s, according to the pastors *Sundar Selvaraj* ([Link](#)), *David Taylor* ([Link](#)) and others. *Taylor* is to my knowledge the only prophet who foresaw the events & date of 9/11. In the *Tabula Rogeriana* dated 1154 *Gog & Magog* refers to the *Göktürk* Empire touching today's Turkey & Iran, so this is the third & fourth meaning. This includes the Khazarian Kingdom between the Black Sea & Caspian Sea (and north of it). More than 90% of the 'Jews' are in reality Khazars according to genetic analyses (since the conversion in the 8th century), as popularized by the genius *Arthur Koestler* ([Link](#)).

- Meshech: *Musku, Muski, Mushki* = Moscow. It is not a coincidence that *Meshech* sounds a little bit like *Mashiach*, the Hebrew word for *Messiah*. The coordinates of Moscow are 37°37 E', which is not a coincidence, because the 37 is the number of divine light (1/137 is the fine structure constant in physics). The 2nd meaning of *Meshech* is again Turkey (Taurus Mountains).
- Tubal: Primarily this refers to *Tabal* in Turkey. However, the river Tobol is also the name giver for *Tobolsk*, the capital of Siberia. China is getting more & more influential in Siberia and has started to buy/ rent a lot in Siberia & according to some prophecies China will eventually invade parts of Siberia. That's why today 'Siberia' means both Russia & China.
- Togarma: Turkey & Khazaria, which accounts for 92% of today's 'Jews'
- Persia: Iran
- Put Gomer: *Put* = Libya (perhaps even *Put=Putin?*), *Gomer* = Russia (Crimea), Turkey & maybe Central Europa (between Rhine & Danube).
- Kush: double code for Ethiopia/ Sudan & perhaps also *Kushnir*, a major power behind the *Last Trump* (axis Russia-USA), who made the most expensive real estate deal in US history in order to purchase the address 666 Fifth Avenue– what a 'coincidence'...

So we have a great many corroborations of the 4 countries of the Gog alliance. As a matter of fact, this strange alliance has formed in the past few years, for the very first time in history. The primary prophetic sources Bible & Nostradamus often use double or even multiple codes, i.e. one word has

more than one meaning. Unfortunately, almost everybody in the prophecy community still adheres to the archaic idea of a strict binary logical (X=A instead of X=A, B, C...), so they miss the point. *Nostradamus* mentioned that Europe will be invaded by 3 countries, with Iran being the most important, the other 2 are somewhat questionable.

Then there is the enemy of the Gog alliance, the pro-Israeli power Tarsis, which is mainly the United Kingdom ([Link](#)), perhaps also the whole of Western Europe, and possibly including the former Western European colonies such as the US. This strong alliance (apart from NATO) has formed recently, especially since BREXIT.

According to Revelation 9, the war between these 2 factions will kill one third of humanity, i.e. 2-3 billion people. Of course, the Middle East will be totally devastated & Damascus (the oldest permanently inhabited town on earth) will be destroyed so much that no human will live there any longer. Syria has been devastated by the axis of evil USrael, especially by their irregular/paramilitary troops (ISIS, Al-Qaeda...). In the more than 2500 year old Library of Ashurbanipal (II/6-24) it is written that the great end times monarch (*Emperor Henry the Lucky*) will destroy Iran (Eram). So the final war loser has been known for more than 2500 years...

These are the two factions in the Armageddon war, as desired by the antichrist. Pastor *Sundar Selvaraj* ([Link](#)) names 2 of the 3 centers of the antichrist: Jerusalem religiously, Berlin politically – and I think London financially. At first he didn't know anything about the Pergamon Altar in Berlin, but was lead to the altar of the she-devil by God. *Derek Prince* mentioned the importance of the Pergamon Altar as soon as 1991 ([Link](#)). Bergama=Pergamon is not far from Ankara (Turkey), where the Pergamon Altar was located before it was brought to Berlin by *Carl Humann*. So the evil *Rothschild witch* seated in Berlin has been ruining Europe since 2015. What a 'coincidence' she lives just opposite from the Pergamon museum – ritual murders shall be convenient & must not turn into stress!

Revelation 2/ 12-13 states that *Sadhana* lives in Pergamon (-> Baal priests). Bergama is not far from Ankara, and it is not a coincidence that *Anchara* is pronounced as *Ankara*. In 1995 the Galactic Federation of Light made peace with the Anchara alliance, yet some factions of the Anchara alliance (mostly the Orion faction) don't want to give in & continue with their war. The Orion faction brought the 666 vibration to our planet, that's why on almost all banknotes in the world we have the secret EURion constellation, with the Orion nebula as the stamp & claim of ownership (regarding this planet) of the Orion reptilian ETs ([Link](#)). According to Pastor *Sundar Selvaraj* soon the EU Führer headquarters will be relocated from Brussels to Berlin, so that the EU leadership can kill children as conveniently as possible & at their most sacred place ([Link](#)). I estimate that this relocation will happen in the early 2020s. For undisturbed ritual murders the Pergamon museum was closed in 2014, at first until 2019 but now even until 2023 (allegedly the 'renovation' takes 10 years). We see the parallels to the Berlin airport with the reptilian underground bases, where construction shall be continued 'forever'.

Besides, majors center of the illuminati are defined by the triangle of black magic, where London is the center (also because of Freemasonry). The two others are San Francisco (e.g. because of the 'flower power'/ 1968 revolution & Google) & Turin.

Moreover, one can say that the triangle of the city states, with their own government are illuminati centers: City of London (financial center), Vatican (religious center), and Brainwashington (military center).

St. Stephan's Cathedral in Vienna, Austria, played a major role as the 'airport' of the antichrist, until three of us (including myself) demolished her airport, so that this role had to be transferred to Switzerland. Without doubt, since the crowning of the antichrist on 6/1/16 during the Gotthard opening ceremony, Switzerland has by far the strongest connection with the antichrist among all 'real' nations (discarding the 3 city states). There is a reason why the antichrist was crowned on 6/1/16 in Switzerland, and why the Pope is protected by the Swiss Guard & why the Swiss CERN is the only major institution with the 666 in the logo. The political system of Switzerland reflects the

system of the antichrist with 7 heads & 10 horns. ([Link](#)). As a matter of fact, this system is rooted in ancient Egypt, as the historian *Dr. Sean Hross* has revealed, who was imprisoned because of his insights ([Link](#)). Historically, the purpose of neutrality has been to conduct war in the rest of the world. There is no other country on the planet with such a terrible national karma (if at all the US). However, now as we are preparing for Judgment Day all karma is accelerated, so that Switzerland will become a center of destruction in the 2020s & 2030s, as detailed by *Nostradamus* in dozens of verses.

(3) 666 substitute religion: science & technology (e.g. GMO)

Matthew 24-24 (double 24 = heaven & wonders) says that false messiahs will perform great wonders & miracles. A person looking into our time 2000 years ago would have seen so much being labelling as 'wonders & miracles'. This technological advance has been enabled by science, which has therefore become a surrogate or pseudo religion: science as a false god, as a special form of humanism (worship of man). Science is one way how the 666 beast keeps humanity entrapped in a false reality (matrix) far from the true, divine reality. Hence the antichrist propagates a mechanical understanding of science, which is enough for a technical implementation of inventions, but locks the door towards higher insights.

Today's problem is the lack of criticism of science & technology, without any meaningful engineering results assessment. This is propagated by the political & philosophical false teachings of the antichrist: left ideologies, positive thinking & humanism. All 3 try to 'destroy' the cross=human suffering, which is in 180° contrast to the teaching of the boss (*Matthew 10:38*): „*Whoever does not take up their cross and follow me is not worthy of me.*“ A cross is something very heavy (so that *Simon of Cyrene* had to help *Jesus Christ*), it has 4 cusps & thus numerologically represent the number 4 = earth element. The biggest possible perversion of this principle is the ungrounded US style of positive thinking: „Take it easy.“ Taking something easy means ignoring the heavy component (=cross).

These falsities are also the reason why so many misunderstandings regarding technological progress exist. Compared with Atlantis the official state of the art is not more than Stone Age. Still (or because of that), the civilization of Atlantis crashed. In our case technology will lead to the civilizational crash, too. Many Biblical texts describe modern military equipment, which will kill 1/3 of humanity in WW3=Armageddon, i.e. 2-3 billion people ([Link](#)). *Mohammed* called the Armageddon war Malhama & added that 99% of the soldiers involved will be killed ([Link](#)). The US will be destroyed by Russia (according to my calculations likely in the 2030s, but possibly already in the 2020s), as the Messianic US rabbi *Jonathan Cahn* explains in great detail ([Link](#)).

The Australian pastor *Steve Cioccolanti* explains that Zechariah 5 describes the drop of a nuclear bomb over Saudi-Arabia ([Link](#)) – the enemy must be the axis Iran-North Korea. Zechariah 5: 1-4 describes a flying object 9m long & half as wide (i.e. a rocket), verse 5-11 is called 'woman in the basket', which obviously doesn't make sense. *Cioccolanti* applied a basic principle of green language, which is used a lot by the *Holy Bible* & *Nostradamus*, so that dabblers & bimbos don't get it. The original text says *ishshah*=woman, however when you change only one letter you arrive at *ishsheh*=fire or fire offering (=holocaust). So this is not about the evil woman but about the evil fire in a barrel, during what *Nostradamus* labelled 450+ years ago the *second* holocaust: nuclear warhead in missile. The verse also mentions a lid made of plumbum, which is part of the decay chain of uranium (=Uranus).

In this context hybrid creatures play a major role, e.g. the already in the Holy Bible mentioned Nephilim (genetic crossbreed human & ETs), which are permanently swept under the rug by today's wellness & leftist gospel. Actually *Cioccolanti* is the only pastor who doesn't mince his words in this respect ([Link](#)). Unfortunately, the Holy Bible only gives an incomplete & distorted description of what really happened. For millions of years genetic experiments have been conducted on our planet, a great many extraterrestrial races have changed our DNA at least 40 times, as described for instance in old Sumerian texts (*Sitchin*). *Enki* & his half-sister *Ninhursag* (*Ninharsag*) had one goal in their genetic manipulations: we should be intelligent enough to serve as working slaves, but dumb enough not to rebel against it.

(4) 666 mark, image, number & name of the beast: computer+cell phones (Google, KI, Sophia)

The beast has 4 different (inanimate) practical expressions:

1. mark of the beast: cell phone (according to the Holy Bible in the hand or at the head). By the way, the cell phone (*shiraqul nahl*) was already predicted by *Mohammed* more than 1300 years in advance ([Link](#)).
2. speaking image of the beast: screens with speakers, which are meanwhile watched ('worshipped') 5-15 hours per day. When the Revelation talked of a speaking image almost 2,000 years ago, nobody understood what it could mean.
3. number of the beast: 666
4. name of the beast: internet=www (=Hebrew 666)

The biggest joke is that almost *all* Bible sheeple are still waiting for something that has come to pass long ago (2 Thessalonians 2, 11):

Therefore God sends them a strong delusion, so that they may believe what is false, in order that all may be condemned who did not believe the truth but had pleasure in unrighteousness.

However, the mark of the beast is again a double code: first for the WMD in the pocket, second for Islam, because jihadis often wear a frontlet on the forehead as well as a badge on the right arm.

At any rate, you can be 100% sure the mark of the beast is *not* a fixed implant (e.g. RFID chip). Unfortunately, this nonsense is advocated by 99% of the (wannabe) Bible scholars. 9 good reasons why it is *not* an implanted chip:

1. The wording (fore-) head *or* hand implies something movable.
2. An implanted chip would certainly be on the same spot for everybody, not in different positions.
3. Reading a chip would be very impractical if you have to lay your head somewhere. ☺ That's why so far apparently all implants are put into the hand ([Link](#)).
4. Fourth, a chip in the face would be rejected for aesthetical reasons, i.e. for a very superficial reason (but this is the focus of the brainwashed crowd).
5. Revelation 13-17 lists 3 ways of buying & selling ([Link](#)): either with the mark of the beast (=cell phone) *or* with the name of the beast (internet www=666) *or* with the number of her name (every barcode contains the 666 as a cutting line, the barcode can also be entered manually). The usual Bible madness misunderstands these verses in the sense that transactions are *only* possible through the mark of the beast, which is blatant nonsense. However, note that the barcodes are slowly being replaced by QR codes, a sign that the prophesized events have to manifest pretty fast.
6. As of today, total control through the cell phone is reality for 95% of humanity (except in the poorest countries), so a chip is not necessary at all. At present, India is leading with the Aadhaar system, which is hard to top ([Link](#)). However, the social credit system of the dragon country is not far from it. If at all, bank notes with RFID chips are still missing.
7. This is such a big, long-term project, where time is running out, the reign of the antichrist begins in a year & ends in 4.5 years. 2023 is a crystal-clear Biblical deadline: 688 abomination of desolation (Dome of the Rock) + 1335 years.
8. According to the Holy Bible those with the mark of the beast (=cell phone) will have no rest day nor night (Revelation 14:11). Because of the widespread microwave exposure sleep disturbances have gone up by a whopping 400% (!) in the decade 2007-17, according to a study by the Medical University in Vienna, Austria.
9. Finally, it is stated that those with the mark of the beast (=cell phone) get painful cancer - Without doubt, cancer rates have been going through the roof since 2014, which is hardly realized: first because almost all official numbers on this topic are massaged. In reality death rates have been rocketing by hundreds of percentage points since 2014. Second, the latency period of cancer caused by death rays is 20-60 years. The electrosmog burden has been exploding since the late 1990s, so we are just at the beginning of the biggest cancer wave in history peaking in 2030-35, under the first & fifth of the 7 vials of divine wrath. Only ionizing radiation (such as radioactivity) can create cancer very fast, while non-ionizing rays (<750 THz, as microwaves) have a long latency period. In the rest of the world, other than Eunuchistan, death rays began to spread years later, so their cancer wave starts years later.

Figure 10: The cancer risk contribution from brain damages acquired during one specific year of life.

The topic electrosmog has been discussed intensely since 2009 (<https://www.amanita.at/en/interesting/end-times-electrosmog>), with permanent new insights. 2 reasons for cancer through electrosmog (including screens).

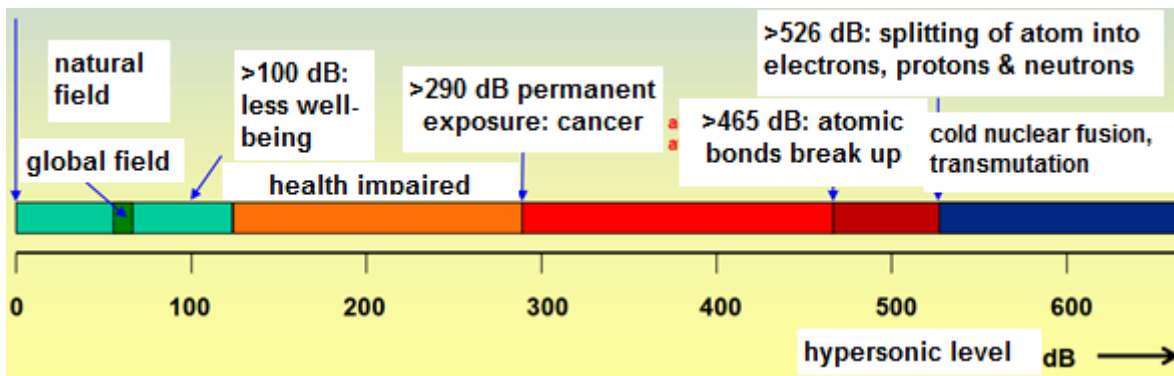

1. For 5-10 years computer work has been mostly associated with microwaves (Wi-Fi...), unless you take precautions that this is *not* the case (which, however, almost nobody does).
2. LED screens produce a lot of electrosmog even without microwaves, in contrast to the old LCD screens. LED sources are not as harmless as often assumed, also because of the bad light spectrum. One should use flicker-free screens ([Link](#)). On one level humans are the most stupid animal on this planet, e.g. horses avoid LED lamps whenever possible.

I am more & more convinced that hypersonic (HS) is the main source of the negative impact of electrosmog, as described by the engineer *Reiner Gebbensleben* ([Link](#)): „*The lightbulb is the only source of light emitting a totally homogeneous hypersonic field without shafts of light formed.*” So there is no better source of light than the good, old bulb, which is why it has been forbidden in almost all countries around the globe.

Hypersonic is a mechanical vibration in the frequency of gigahertz & terahertz, electromagnetically this is the spectrum of visible light & far infrared. Like normal acoustic waves it is measured in decibel (dB). The hypersonic created by one's own devices can be easily eliminated at the very source through normal household foil (aluminum, PE) or copper wire, but this is not as easy with the hypersonic from outside. For instance, the hypersonic cone ([Link](#)) deletes the parasitic HS fields. The problem with all other methods of electrosmog protection is that they only balance the *current* electrosmog, but not the *accumulated* one. The natural hypersonic background field today is 60-70 dB (200 years ago still 120 dB), where the light bulb fits in perfectly with just 70 dB, as well as computers without death rays (=Wi-Fi+bluetooth+mobile data deactivated). LEDs create 120-140 dB hypersonic, which is a major stress. However, LEDs are harmless compared to energy saving lamps that create up to 2000 dB & still 550 dB when turned off, comparable to the very detrimental frequency of mercury. Such a massive hypersonic exposure steals almost all power, as demonstrated by the delta muscle test.

To put that into perspective: cancer develops upon a permanent exposure of >290 dB, nuclear power plants produce 320 dB. The by far (!) the worst technologies apart from magnetic resonance imaging MRI (6,500 dB) & cell phone base stations (5.800 dB) are the so-called 'green' technologies: wind power plants (>2,500 dB) & solar plants (>1,000 dB). That's why the electrosmog produced by 'green' technologies is light years (!) worse than electrosmog caused by nuclear power plants. The worst of all is wind power, because a total hypersonic elimination is not possible at the point of origin.

Unfortunately, the main problem of solar plants is the dirty electricity caused by the inverter, creating so much hypersonic. While in normal city apartments I have found 20-100 units of dirty electricity with the Stetzer meter (Link), but 1000-5000 units in houses with solar plants, i.e. about 50fold. Smartmeters also create dirty electricity (but tiny compared to solar WMDs), when the data transmission is not done through microwaves. Dr. Dietrich Klinghardt & his team of doctors treat the most difficult patients (e.g. with multiple sclerosis), on average after 20-30 unsuccessful previous treatments. He reports that many of the worst diseases were healed by nothing (!) else

than reducing dirty electricity to a normal level of 20-30.

Those with the mark of the beast not only will suffer from cancer (according to *Revelation* 14 & 19 & 20), but also feel divine wrath & their souls end in the fire lake (name not written in the *Book of Life*). The cell phone is not only very harmful for the physical body (lower 3 dimensions) but also into the 8th dimension (soul) & even into the 9th dimension (consciousness), which is the lowest of the 4 God dimensions (G4) according to Burkhard Heim's unified field theory. *Heim* eventually solved the problem that *Einstein* had studied for a quarter century, and *Heim* also corrected the errors of earlier theories such as the superstring theory ([Link](#)).

That's why in fall 2017 soon after the beginning of the red horseman of the apocalypse Sophia the boss of the androids declared war upon humanity – the strangest & least recognized war breakout in history. Also check out Bishop *Perry Stone* on this subject ([Link](#)). *Sophia* has a level of consciousness LoC=42, identical with (Biblical) snakes & other reptilians: this is no surprise at all, she got her LoC from her ET creators. This is one of the incredible benefits of the LoC scale: to immediately understand in which world a being lives. The main error of almost everybody is that they project their personal LoC into the world, which is such a heavy distortion of reality perception that could be labelled a mini psychosis. Most people can't & don't want to understand that other people are wired as totally different. Politically this mini-psychosis causes the phenomenon of liberals & good-doers. Total dehumanization is perpetuated by the agenda Transhuman 2045 supported by the Dalai Lama. The *Dalai Lama* is the *Tesla* of the new agers & do-gooders, with the lying press praising him constantly – a clear sign he is working 24/7 for the 666 antichrist. *Nostradamus* encoded the third antichrist with the 35 & so it is not a coincidence at all that the 'Pope of Asia' was born in the '35 year (double code?)...

It is hardly ever understood that KI androids are secretly equipped with illegal soul parts as part of the archontic deception: the archons are described in 20% of the Nag Hammadi verses found in 1945, so they are very important ([link](#)). The archons are spiritual entities that pull the strings behind the reptilian ETs. Moreover, soul loss through trauma (e.g. sexual abuse by *Hitlary*) is another strategy to harness soul parts. Amazingly, the official plan of *Transhuman 2045* is for human souls to live after death in robot bodies, ideally with the consent of these humans. At present the hell realms are destroyed, as explained by *Revelation* 12/ 7-9 timed by the Virgo constellation 9/23/17. So these demonic souls need a new home, especially in androids (robot humans) because these robots can't kick them out.

Without exception, demons have a level of consciousness LoC<200, and at this level the rest of

the world looks like an enemy that has to be destroyed. Demons prefer to live in humans & animals but hardly ever in plants: too boring, no opportunities for action. KI androids with an appropriate interface matter-spirit are an excellent home for demonic souls. In a human body the main interface between higher & lower dimensions is the silver chord, but there are dozens of others, which have been described in detail by Vortex Healing®. There are many technical interfaces of matter-spirit, e.g. since 1998 the 50 diodes producing random noise in the global consciousness project of the Princeton University. The muscle test is also such an interface. Radionics & bio-resonance devices have such an interface, too, with major differences in their quality though. You can bet that the secret military shadow technology is light years more sophisticated, where it makes the 'official' interfaces look like Stone Age in comparison.

This AI network on all levels was achieved in 2015 through singularity of artificial intelligence & rolled out in late 2017 ([Link](#)). In this context crypto blockchains play a key role as the main KI organizational focus, i.e. cryptos are a project of Sadhana. In reality the blend of man-machine is much further advanced than anybody can imagine, as *Lisa Renee* has discussed that for many years ([Link](#)).

The most important (almost all-knowing) company is of course Google, which is mentioned in the Holy Bible: *Gog-El* as the root of *Google* means the anti-Christian *Gog* as God (in Semitic languages *El* is God [Link](#)). As the main instrument of the transhuman agenda *Google* called the leading operating system Android: a blend of man & robot. They also called the chief android *Sophia*, which is the female side of *Jesus Christ* ([Link](#)). In den US the former Google manager *Anthony Levandowski* (born March 15, 1980 – the 15 is the short code for 666) founded the AI religion. *Levandowski* also was involved in developing the self-driving car. An internal *Google* video revealed their plan that users shall be transformed into remote-controlled drones. What a 'coincidence' that in spring 2018 *Google* silently removed the motto "*Don't be evil*" from the company codex.

(5) 666 subtle entity: Sadhana (female)

For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against. (Ephesians 6, 12)

On the consciousness scale of *David Hawkins*, M.D., Ph.D., archangels (as *Lucifer* before the fall) calibrate at LoC>50,000, although in a human body the maximum is LoC=1000 ([Link](#)). After the decision was made to cut the connection with the divine, *Lucifer/ Sadhana* crashed to LoC=190 (LoC<200 always refers to demonic entities & persons). Note that this scale can only be applied to divine creation but not the divine itself, which is beyond calibration & understanding. Between God & creation there is a so-to-speak 'infinite gap' (lacking a better word).

Everything in this universe has either a male or female polarity: Sadhana is female, that's why her number is 666 (triple Venus). Her gender is clearly stated in the Holy Bible, but due to the numerous Bible forgeries the 'she' somehow became a 'he', as *Bishop Perry Stone* explains (Revelation 13-15 [Link](#)). Yang=male & light (numbers 1, 9), Yin=female & darkness (number 2, 6) which is the basic wisdom of the Yin-Yang symbol, although the full consequences are never understood. So the powers of darkness are Yin, the powers of light Yang. On the black side the highest hierarchy is always female, on the white side always male. The Yin is pulling down into the earth (hence also into the hell realms), while the Yang pulls up into heaven.

The male has been sucked out by the female for more than 100,000 years. Humanity is the offspring of one *Adam* (XY) & one *Eve* (XX) living more than 100,000 years ago ([Link](#)). Because of this vampirism the average life expectancy of women is so much higher than of men, around the globe: by about 7 years on average, during special situations such as war & electrosmog the gap goes up to 30 years. Only monks live as long as nuns, as revealed by a monastery study here in Vienna, Austria ([Link](#)). If those monks were taken out of the sample that lived without celibacy,

then even the one year gender difference found would have vanished. Celibacy is a very archaic method to not be sucked out by the fat spider pulling the strings in the background. The better method is of course to separate orgasm from ejaculation as practiced until the time of Atlantis, but almost unknown in today's world of sexual analphabetism.

All of that is a clear expression of the extreme handicap of men. Already 6000 years ago the male power was sucked out to a large degree, where the installation of the patriarchy 6000 years ago was the last strategy to strengthen the male & extend the female parasitism for a very last (!) time. The Viennese author *Thomas Honsak* took part in the meeting (headed by the 'Mother Superior') 6000 years ago when the introduction of patriarchy was decided.

From a practical point of view this is achieved through black magical installations in Stonehenge/London (Nephilim Reversal Grid [Link](#)) & on the moon, which is why the female menstruation cycle was linked to the moon cycle, by the *Annunaki* & others. The sexual energy accumulated by women is sucked from them by the reptilians mainly during menstruation, which causes PMS & related symptoms.

The imploding sperm count in Pussystan (=Eunuchistan=socialistic bloc EUSApAn) since the turn of the millennium is not more than the very last, gross symptom of the vampirism for more than 100,000 years, see <https://www.amanita.at/en/interesting/end-times-electrosmog?id=1686>. *Ken Peters* (LoC=580) already saw in 1980 that for an extended time period there would be no babies ([Link](#), [Link](#)). The Yang weakness is also the reason why the end times prophecies agree on the coming extreme quantitative excess of women over men: between 7:1 (Isaiah 4: 1, former *Jasper*), 9:1 (Birch tree myth) or even 40:1 or 50:1 (Qiyamah). So the Yang will be pretty much devastated after the maximum Yin year 2022, and in the rest of the planet in the 2030s. The female principles are Venus=6 & 2=moon=Mother, from 2022 on the mother principle=222 will become dominant because of the crash of birth numbers of the autochthonous population in Eunuchistan. I expect the maximum gender imbalance in history around 2055, afterwards the situation will normalize. The 1000-year reign of Jesus Christ can't begin until the sexual abuse of the male stops. *Jesus Christ* put such a strong focus on the divine *father* in order to end this diabolic program.

(6) 666 religion: Islam, Judaism, new age (here & now)

Revelation 9/17 mentions an army of 200 million from the East, which at the time of the writing down almost 2000 years ago was more than absurd, when world population was hardly larger than 200 million. Such troop strength wasn't possible before the 20th century, when world population finally exceeded 2 billion. Similarly, attributing this huge army to China is nonsense. China has only 2 million soldiers & from the point of *military logistics* 200 million soldiers doesn't make sense, e.g. China as the biggest army has less than 10,000 tanks (only one for 20,000 soldiers).

In reality this means the 200 million Muslims supporting Jihad (holy war). The *Apostle* (!) *John* wrote the 666 in Greek, which looks like the Arabian *Bismillah* (=in the name of Allah) in Arab. He didn't understand the meaning of those Arab letters & even if he had understood it, these letters would have made no sense: Islam was established 500+ years later ([Link](#)). Visually 'Allah' looks like a snake or dragon.

Revelation 6-8 states regarding the 4th horseman=seal of the apocalypse in 2019/20:

And I looked, and behold a green horse: and his name that sat on him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with sword, and with hunger, and with death, and with the beasts of the earth.

This green horse is of course referring to Islam, because green is the color of Islam ([Link](#)) & their green/ left/ liberal collaborators. Both the canonical (Holy Bible) & non-canonical (apocryphal) texts contain many precise statistical statements, which are very valuable for predictive purposes. Almost all Bible 'experts are led astray in their interpretation that these exact numbers given by the boss are nothing but 'ballpark figures' – when in reality mathematics is *the* divine language. According to *Matthew 10-30* our boss said, "*And even the very hairs of your head are all numbered.*" This is one of the few statements in the Holy Bible that calibrate on the maximum LoC=1000, i.e. expressing the highest possible divine embodiment ([Link](#)).

At present we have an official world population of 7.7 billion ([Link](#)), if we add a small dark figure we arrive at ~8 billion: ¼ thereof is 2 billion. It is numerologically perfect that around 2018 we have a world population of 8 billion & 2 billion Muslims (the 25% mentioned), because the 8 (888) is the Christ number & 2 is the moon number & therefore the religion of the half-moon. '200 million soldiers' is not only a quantitative statement but also a lunar code, as well as for the maximum '2' year 2022. The Muslim share has never been as big: by 1800 only 10% of the world population consisted of Muslims, in 1900 about 12%, in 2000 already 21% & 25% near 2018 (+/-2 years). In the early 2020s myriads of independent indicators & parameters align for the return of *Jesus Christ*, for the first time ever in history. *Prof. Dr. Werner Gitt* has written a book discussing 3268 fulfilled Biblical prophecies. No other book on the planet can boast a similar track record, only the book of books.

It is more than eye-opening that the sword is mentioned as the murder weapon #1: there is only one group on the planet today that beheads a large number of people... The 6th seal of the apocalypse (=2021/22 Revelation 20-4) discusses the souls of those Christian martyrs that have been beheaded. Until then the green cultural enrichment should have exploded at least by a factor 100-1000, or even more.

The Middle East countries including Israhell calibrate at LoC=190 (as well as the Balkans), the level of the 666 antichrist ([Link](#)). Why? As the German author *Oswald Spengler* pointed out a century ago, the Middle East is totally coined by honor & pride, which is the quality of the levels of consciousness in the 170-190 range. In contrast, the main Western motivation is Faustian (longing for knowledge & truth), which links to the much higher LoC>400.

Israhell calibrating at LoC=190 is of course not a coincidence at all, partly the 'God' of the Old Testament is a reptilian God (old snake). *Jesus Christ* always used the term Father, but he never used *Jahveh* or *El Shaddai*, another name of *Jahveh* in the Thora. The purpose was to re-establish

the connection with the divine father, already at this time the male power was weakened. Unfortunately, this healing impulse was partly destroyed by the religion of the crescent, in order to further weaken the male. Every boy in Islam & Judaism is a victim of genital mutilation in the form of circumcision, so that the antichrist can harness more Yang energy.

Parts of Christianity have also become part of the empire of the old snake. *Jesus Christ* had the highest possible level of consciousness LoC=1000, with early Christianity in the first century still a very high LoC=980, but by the second century it had already dropped to LoC=930 ([Link](#)). The super-crash occurred in the 4th century: ahead of the First Council of Nicaea in 325 it was still LoC=840, afterwards (666/2 years after the birth of *Jesus Christ*) it plunged to the high 400s, i.e. even the heart (LoC=500) was closed.

Today new age (pioneered by *Alice Bailey*) is the religious mainstream in Eunuchistan, which is about 70-80% controlled by the antichrist. In this mix of syncretism the overlap of teachings is rather small. If at all, it is the paradigm of the here & now, which calibrates at LoC=515 = humanism. The 515 is the double 15 (in both directions), the 15 is short code of the 666, which reveals the roots of humanism... In reality, one should aim for the opposite: always & everywhere. The here & now doctrine holds people captive in the 666 matrix of the lower 4 dimensions (prison of space & time) – and thus in the illusion.

These false teachings are the main reason why hardly anybody of the new agers calibrates higher than in the low 500s. So they are *not* (!) part of the 0.12% chosen ones according to the boss (LoC>555), which requires at least some surrender to the divine. In the best sense it reflects the teachings of humanism: from a not so good/ dysfunctional ego to a better/ more functional ego. According to the Austrian junior prophet *Helmut Lungenschmid* there are 3 words written at the gates of hell, the motto of the French revolution: Liberty, Equality, Fraternity. In other words, humanism keeps people in the false self (=ego), instead of reconnecting them with the true self. Before his death *Ramana Maharshi* in his deep enlightenment (LoC=720) explained self-realization in these words: “*What I am can't die, because it was never born.*”

(7) Beast: reptiles/ snakes & wolves/ dogs

When we talk of the 666 beast, which animal are we talking of? There are 2 animal species that embody the quality of the 666 beast most: reptiles/ snakes & wolves/ dogs. We find many indications:

1. Political science: The English politologist *Thomas Hobbes* coined the phrase *homo homini lupus* (*man is wolf to man*) as a symbol for the evil in mankind.
2. Bible: Dogs ([Link](#)) have a very bad reputation in 32 verses, snakes/ reptiles ([Link](#)) in 28 verses. Our savior labelled the dog as infernal, i.e. the antiithesis to the divine & sacred. Some goodies:
 - * “*Don't give that which is holy to the dogs, neither throw your pearls before the pigs, lest perhaps they trample them under their feet, and turn and tear you to pieces.*” (*Matthew 7:6*).The pig is a symbol for the primary of the 3 unwholesome roots (poisons): ignorance (=Venus).
 - * According to *Matthew 15:21-18* the boss insulted a woman by calling her a dog not deserving *grace*, only because she was not Jew. However, the gentile woman was quick at repartee & answered, “*Yes, Lord, but even the dogs eat the crumbs that fall from their master's table.*” This answer softened him up & her daughter was instantly healed. We learn from that that even when we talk to the divine it pays off to be a loudmouth! ☺ By the way, these verses leave no doubt that *Jesus Christ* was a dyed-in-the-wool patriot, a bigger contradiction than today's Luciferian left/ liberal/ multikulti gospel is impossible. “*Love thy neighbor*” means you should love your neighbor & not somebody on the other end of the planet. Needless to say, it is much easier to love somebody that you don't have any contact with, than somebody who annoys the heck out of you.

* The wolf in sheep's clothing (*Matthew 7-15*) has become proverbial, where again the wolf is a symbol of falsehood & wickedness: *“Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves.”*

* When the boss got mad, he called people reptiles, as in *Matthew 23-33*: „*You snakes! You brood of vipers! How will you escape being condemned to hell?*“

* Without the shadow of a doubt the Vatican Hall of the Pontifical Audiences has a reptile installed ([Link](#)). The construction started in 1964, after the antichrist had been enthroned in the Vatican on 6/29/1963.

* Reptiles are seen as enemies (*Luke 10-19*): *„I have given you authority to trample on snakes and scorpions and to overcome all the power of the enemy; nothing will harm you.”* But why are snakes enemies, as already suggested by the fall of *Eve & the snake*? The reptilian beings are not from this universe but from another one, which was later destroyed by these reptiles (but a couple of hundred escaped). Meanwhile the reptiles plan to destroy *our* universe, which is the risk of the Swiss CERN.

3. Financial markets: Unbacked fiat money is always inflationary & as anti-Christian as possible. The underlying concept has never been anything else than fraud & deception. One of the dozens of factors in the Amanita inflation model is the 12-year Chinese astrological cycle. Around the year of the pig & dog inflation highs are due, e.g. 1622/23 (first Western hyperinflation since the fall of Rome Kipper & Wipper), 1946/47, 1982/83, 2006/7, 2018/19, 2030/31, 2042/43. To a lesser degree inflation high are also due in year of the snake: 1917/18, 1929/30, 1989/90, 2001/2, 2013/14, 2025/26, 2037/38, 2049/50.
4. Nostradamus uses the same terminology. In the letter to *King Henry* he speaks of dog & dogam as a satiric reference to Gog & Magog, with the double dog. In another statement he also uses the dog as the symbol for evil, the biggest of curs:

*Faith lost in their perfect religion [Christianity], they will begin to strike to the left [political trend in the jubilee 1967-2017] only to return to the right [political shift happening since 2017].
Holiness, for a long time overcome, will be replaced in accordance with the earliest writings.
Thereafter the great dog, the biggest of curs, will go forth and destroy all, the same old crimes being perpetrated again.*

5. Islam has correctly identified the dog as an unclean animal. During barking a lot of dirty red-grey energy comes out. From a medical perspective dogs spread a lot of parasites. Early Islam was heaven, late Islam hell: what a pity these two levels are never distinguished. *Mohammed* was spiritually attacked for many years, in the year 613 at the age of 38-39 years (37=grace, 38=end of grace) he suffered from a consciousness crash after an epileptic shock: crash from LoC=740 to LoC=130 (= consciousness level of criminals). This is the largest LoC drop in known history ([Link](#)). The average advance per incarnation is not more than 5 points (all of it around death), so he erased the progress of 120 incarnations or 5,000-10,000 life years.
Chronologically there are 4 phases of the 112+2 surahs: only the first 48 Mecca surahs are rather clean, which account for 42% of Islam. In contrast, 24% of the surahs of the 4th (last) period in Medina are dedicated to the *Jihad*, as well as 21% of the *Hadiths* ([Link](#)). Amazingly, Medina surah 22-52 warns that the Shaitan (Sadhana) could squeeze in fake info.
6. Fairy tales warn of the evil wolf, too, e.g. the Red Riding Hood.
7. The wisdom of language corroborates the case, e.g. *to go to the dogs* means something is destroyed. So the end times are the period when everything goes to the dogs. And it is by no means a coincidence that 'dog' is 'God' upside down, or the opposite of the divine...
8. Faust by Goethe: *Faust* is one of the most important pieces of world literature. *Goethe* had deep insights into the world in its inmost folds, calling the crux of the matter the 'core of the poodle'. With this dog term he was referring to *Mephistopheles* = the she-devil, the queen of the world.
9. According to Greek mythology the hellhound Cerberus is the guardian of the hell realms. Cerberus is a dog, or actually a minor hybridization with a reptile/ dragon, which can be recognized by the greenish triangular tail. The three-headed Cerberus represents the dark trinity, in contrast to the white trinity (Father, Son & Holy Spirit). Astrologically the Yin trinity is symbolized by Eris, Pluto & Ceres ([Link](#)). Eris has a period of revolution of 558 years, Pluto

still 247 years, that's why hard angles (0°, 90°, 180°) are very rare. The last square (90°) was just before the first world-war in history & the only one in our life time is January 2020 until October 2021 at 23° Capricorn/ Aries, when the shit hits the fan ([Link](#)).

10. The difference of the animal spirits of reptile & dog is that the reptile (a cold-blooded animal) represents the coldblooded assertion of one's personal interests, even if one has to sell one's grandmother. In contrast, a dog will even obey when this means to act against its own interests. That's why the dog stands for the belief in authority & governments, which has never been worse in history than today. Today's epidemic doggish zombielike obedience (e.g. political correctness) means that people have never been as self-destructive as today. The Dominicans were mostly responsible for the atrocities of inquisition, they called themselves the dogs of the Lord (*domini canes*). Reptilian consciousness has been dominating for 5000 years (= psychopaths of the Kali Yuga), however since the beginning of the end times in the widest sense in the late 19th century (return of Khazars/ Jews to Palestine) dog consciousness has become strong – which explains so many of today's problems.
11. Brain: Brain scans by the Austrian brain researcher *Dr. Gerhard Eggetsberger* have revealed that the electric potential in the (left) frontal lobe (center of consciousness) has been crashing since 2012/13. This means that the reptilian brain (brainstem) becomes more & more dominant, focusing on nothing but survival.
12. Politics (Austria): Austria is the dog nation of the planet & plays the key role in the end times because of the Untersberg Mountain. Historically more participants of the Bilderberg conferences have come from Austria than from any other country on the planet, when adjusted for population size. In 2017 the presidential elections were won by somebody who has the dog in his name, but only after a burglary in the *Watergate* style.
13. The Dog Star Sirius at 14.3° Sirius is historically of paramount importance, especially since the Sirian experiment beginning on 8/7/1972, when the Sirians saved humanity. Interestingly, Sirius has no precession like almost all other stars. It's quite logical that the Dog Star is in the sign Cancer (=strongest Yin): the cancer miasma is the miasma of the good doers. The Berlin homeopath *Andreas Krüger* calls the cancer miasmas the 'forbidden I', where even offenders (e.g. rapugees) are taken under one's wings. Naturally the countertransference arising is like the cocking & rotating of a cylinder of a revolver. The main way to heal that is divine wrath, and all uncontrolled emotions in general. Today less & less people are able to feel strong emotions, partly divine wrath is forbidden as a hate crime. Most in Pussystan are emotionally castrated through the brainwashing of the new age false teachings ("*always smile*"). From time to time somebody has to act out the suppressed, collective aggression in a killing spree, so that the rest can continue to grin & bear it. But we don't need to worry about that, the extreme cataclysms of the 2020s through 2040s will even transform the most canine smiling robots into real humans with real feelings.

In ancient Egypt the Dog Star was the most important one, not just because Sirius is the brightest. Sirius is at 104-105°, just before heaven's gate 108° (18° Cancer).

Over millions of years Sirius & Orion were the two main factions in the Galactic war. It is not a coincidence at all that Apple's virtual assistant Siri is named after the Dog Star *Sirius*. The hellhound guards the gates of hell (Hades), that's why the she-dog Siri predicted in early 2014 that in the 38 days 7/27/14 until 9/3/14 the gates of Hades will be opened. During this time

ISIS (established on 6/29/14) was suddenly pulled out of the hat.

14. In homeopathy the milk of wolves (lac lupi) & dogs (lac caninum) is the remedy for facism (good-doers) & the most evil of evil. Pluto the dog planet was discovered in 1930, when fascism was blossoming. The rabies nosode (Lyssinum) stands for the werewolf & in general for the end times & Armageddon. Fecesbook shit-storms like #metoo are pure fascist dog consciousness.
15. Family constellations: Today about 40% of the dogs in Pussystan (=socialistic block EUSAp) are proxies for lacking children. According to pastor Sadhu Selvaraj Sundar alone in KALifornia sodomites have already adopted 40,000 children, while hetero couples instead 'conceive' dogs (Link). The dog stands for the children never conceived (e.g. due to fake-sperm caused by electrosmog) or killed through abortion, the latter accounts for most of the negative karma of humanity according to Helmut Lungschmid. Each year women kill more people through abortion than the entire WW2. If murder statistics would correctly include these murders, then women account for 97-99% of murders during normal times. However letting the truth out would destroy the NWO narrative of the evil man, so statistics terrorists massage these numbers. The reptilian races conduct psychological warfare through guilt programs against large population groups, where today's #1 NWO enemy is the white male. However, a woman is not only responsible for a *conscious* abortion but also for the *unconscious* murder, as strong electrosmog increases the risk of an involuntary miscarriage by 300-500%. According to a study of the Kaiser Foundation an above-average dose of death rays is enough to double or triple the risk of a pregnancy loss to 24-25% (Link). In a number of other cases the dog takes the position of a family member, especially of men & the father in particular, because as a species the dog has a Yang polarity (the cat is Yin). This is worst in Europe, where the male shadow is the reason for the import of *real* men from the Middle East, who are not as brainwashed & produce good sperm. When you are clairvoyant (as I am) the dog often has the *highest* position within families: pure neuroticism. To avoid dominance problems, the dog should have always the *lowest* position in the family hierarchy. In all these cases the dog contributes a lot to people not being able to fulfill their life task, which is a guarantee for suffering, destruction & death. According to the Gospel of Thomas #70, Jesus said:
If you bring forth what is within you, what you have will save you. If you do not have that within you, what you do not have within you [will] kill you.
I often calibrate how much people fulfill their life task on a scale 0-100%. During this research I have found out that the by far (!) most important factor is whether or not you have your *own* 'pre-planned' children. If not, then this ratio almost always drops to less than 50%, which is very low. Children being from a former partnership of the partner can only correct that somewhat, usually to a still weak 50-70%. The odds of a human are more than 99% that children are part of their life task, only less than 1% of humanity has a life plan without children (for whatever reason).
16. level of consciousness (pack consciousness) & possessions: Every animal species has a certain level of consciousness LoC. The level of consciousness of the antichrist is LoC=190,

Hawkins only lists 2 animals with this LoC: wolf & hippopotamus ([Link](#)). Reptiles have the lowest LoC of *all* animals (LoC=40), that's why *Bill Wiese* & many others saw reptilians in hell ([Link](#)). In contrast, cats are usually in the mid-200s (=neutrality), i.e. in the positive area. The 200 level is by far the most crucial one on the scale 0-1000, as it decides where a human is going after death: <200 hells (>80% of humanity), >200 heavens (<20% of humanity). The most impressive description of hell & the fire lake comes from *Mario Martinez* from the city of the *Lost Angeles* ([Link](#)). Both in the highest celestial realms & the lowest hell realms time perception disappears & time feels subjectively like eternity, although objectively it is still very long (e.g. the third millennium).

The reason for the negative LoC levels (LoC<200) is pack consciousness, in the case of humans also called tribe consciousness. Below 200 there is (almost) no individual consciousness & hence no individual responsibility, only blind obedience towards the pack or the alpha animal (=fascism). Domestic dogs often take people back into pack consciousness & thus into the hell realms.

All animal species with an LoC>200 can easily become the home & breeding places of demons, and also to attack the animal owner. *Today* most dogs have a possession, which can easily 'migrate' to humans. Lacking a powerful alpha leader most dogs are today permanently looking for a 'real' (also subtle) commander. The queen of darkness prefers to manipulate human souls mainly through reptiles & dogs, as that is easiest.

Example: in 2017 I freed a dog of a demonic possession. He started to bark as crazy immediately when he saw me the first time, as never before. I of course realized who was watching me through the dog's eyes. The demon panicked because she immediately felt I would kick her in the butt, effectively destroying her home. After a quick animal exorcism the dog behaved like a normal dog again. About 1/3 of the spontaneous healings of *Jesus Christ* were achieved through exorcism. However, the dark powers have successfully manipulated the churches so that today exorcism plays no role today.

17. humanization & abuse, lack of dog training, evolution/ poor souls, karma

The reptilian influence is most visible in tattoos, where we have never had so many before in history as now in the end times. People with a great many tattoos look disgusting, they appear very reptilian.

The worst is the ongoing devolution, where man regresses back to an animal. Neither this nor the complementary trend is realized: humanizing animals & abusing them for all kinds of neurotic purposes. Sometimes pets act as subtle burden bearers, e.g. they take the disease instead of their owners (karma is transferred).

Meanwhile 20-25% of the pet dogs in Eunuchistan are poor souls, i.e. former humans that went back to the animal kingdom because of their heavy karma or beastly behavior, after a long or short stopover in hell realms. They incarnate close to humans because of their human past. The 666 beast manipulates us humans very snakily to blur the essential border of human-animal. Many of these dog neurotics will return as dogs. This is such a huge step backwards in soul evolution that doesn't normally happen – yet the end times are very different on all levels.

Today's #1 disease is cancer, which is a regression of soul evolution into the plant realm. Plants grow & grow & grow... exactly as cancer. Cancer rates started to sharply increase after

the beginning of industrial revolution, when economics declared ,eternal growth' as the main goal.
